ADVANCED CARE FOR EYES: THE POWER OF D.M.G. HYAL LINE

CalmaHyal

A LOW COST HYALURONIC ACID FOR ALL MARKETS

Hyaluronic Acid 0.20%

CalmaHyal Ophthalmic Solution is the simplest of the HYAL line of products. A simple, low cost presentation:

- Lubricating ophthalmic solution indicated for the symptomatic treatment of dry eye syndrome.
- Also indicated for corneal protection as a tear substitute.

Also for wearers of contact lenses

Presentation: 8 ml bottle

Medical Device Class IIb

Shelf Life: 30 months

MOQ: 11.600

CrossHyal

THE BEST TECHNOLOGY FOR DRY EYE RELIEF

Cross-linked Hyaluronic Acid, Sodium Salt 0.15%, Carboxymethyl β -glucan 0.3%

CrossHyal Ophthalmic Solution is a preservative-free tear substitute. It contains cross-linked hyaluronic acid sodium salt and carboxymethyl β -glucan.

- Long permanence on the ocular surface.
- Increased hydration and visco-elasticity.
- Increased tear film thickness.
- High stability of the tear film.
- Delayed evaporation of the aqueous.

Also for wearers of contact lenses

PRESERVATIVE FREE
Thanks to the OSD system

Presentation: 10 ml bottle OSD

Medical Device Class IIb

Shelf Life: 24 months

MOQ: 9.400

TersoHyal

UNIQUE AND INNOVATIVE FORMULATION FOR THE REDUCTION OF EDEMA AND RELATED SYMPTOMS

Mannitol, Glycerol, Hyaluronic Acid, Sodium Salt

TersoHyal Ophthalmic Solution is a Medical Device indicated for the osmotic treatment of the edema and the sub-edema of the cornea, adjuvant treatment of the edematous symptoms of glaucoma.

- For edema and sub-edema of the cornea.
- Adjuvant treatment of the edematous symptoms of glaucoma.

CORNEAL EDEMA is swelling of the cornea of the eye that results in blurred vision and visual distortions. In corneal edema, the cornea becomes overly hydrated by accumulated fluid. The causes of corneal edema include injury to the eye, past eye surgery and over-use of contact lenses, which can dry the eyes.

No burning sensation thanks to Mannitol

Medical Device Class IIb

Shelf Life: 30 months

MOQ: 9.400

OftaxHyal

THE RESPONSE TO PAIN AND DISCOMFORT DUE TO CORNEAL INJURIES

Hyaluronic acid sodium salt, α -glycerylphosphorylcholine, vitamin B12 (cyanocobalamin), vitamin B6 (pyridoxine hydrochloride), D-panthenol

OftaxHyal is an ophthalmic solution - containing Hyaluronic Acid, Glycerylphosphorylcholine and D-panthenol-able to improve corneal neurorepair and reepithelialization.

- For the lubrication and protection of the cornea.
- Useful for discomfort or painful symptoms caused by foreign bodies, external agents, surgery or traumas that may benefit from local treatment.
- Adjuvant the re-epithelization processes and corneal neurorepair.

Traumas of various types, whether mechanical, chemical, or physical, may alter the normal integrity of the corneal surface. The corneal epithelium is rich in nerve endings tasked with maintaining the corneal surface's proper morphofunctional integrity.

Corneal abrasion can be caused by chemical products, contact lens, foreign bodies, ultra-violet rays and is probably the most common eye injury and perhaps one of the most neglected.

Also for wearers of contact lenses

PRESERVATIVE FREE

Medical Device Class IIb

Shelf Life: 30 months

MOQ: 9.400

SafloHyal

A GREATER EFFECTIVENESS IN CASE OF OCULAR INFLAMMATION

Enoxolone glucuronide, Hyaluronic Acid Sodium Salt 0.10%, Copolymer PEG/PPG

SafloHyal Ophthalmic Solution is a medical device with phlogolytic activity (it inhibits the evolutionary processes of the phlogosis). It is indicated for the treatment of the symptoms (itching, foreign body sensation, redness, etc.) associated with inflammatory conditions of the ocular surface.

- For inflammatory conditions of the ocular surface, such as ocular discomfort syndrome, blepharitis and conjunctivitis.
- Both for adult and pediatric patients.

Enoxolone glucuronide, with steroid-like structure is a scavenger of the HMGB1 protein which has a proinflammatory role in the extra cellular space.

Enoxolone glucuronide showed comparable results to corticosteroids therapy but with a better safety profile

PRESERVATIVE FREE
