"The Mattioni Roasting Company LLC represents the longest tradition in coffee processing and brewing in the whole northeastern part of Italy (Friuli Venezia Giulia).

Mr. Lino Mattioni, together with his brother Enrico, founded in 1922 the Mattioni Brothers Coffee Company.

The first factory was settled in Gorizia's main historical center.

During 60s, the first generational passage took place: Mrs Lina and Mrs Silvia Mattioni, Lino's daughters, replaced their father's role in the Company managing.

Nowadays we pass through the third generation: Company is currently managed by Mrs. Silvia Mattioni's daughter, Mrs. Francesca Cattaruzzi.

The market growth and the technological evolution in roasting techniques related to each other brought to the opening in 1997 of the new plant in the industrial area of Gorizia, with the latest technologies in roasting and packaging, and a very large production capacity and production competencies.

### ***Our "Excellent Coffee"***

Mattioni "Excellent Coffee", as we report in our trade mark, sums up our company philosophy:

- rigorous selection of the finest green coffees;
- long experience and knowledge in creating blends;
- careful execution of roasting techniques.

We import our green coffee from the best producers of Central and Southern America, Africa and Asia. Coffee reaches Italy through the port of the Trieste, known for its huge tradition in coffee trading and which was first recognized as a free zone in 1719 by the Habsburgs Imperial family.

### ***Our blends***

#### **"Bar Extra" blend (brown)**

Sweet and aromatic, a combination of the finest Arabica Coffee varieties.

A unique Coffee for the most refined palates.

It is available in packs of:

- ground coffee 250gr and 500gr;
- ground coffee vacuum pack 250gr;
- ground metal tin 250gr;
- in beans 500gr and 1000gr. (excellent for coffee bar and restaurant)

The “Bar extra” blend is also produced decaffeinated, available in 7grams single dose servings, or in pack of 250gr.

“L’ottimo caffè Mattioni” has been awarded by the Italian association of roasting company as Espresso di qualità.
