## PYRETHRUM POWDER

Pyrethrum powder is an innovative, safe and environmental friendly solution to control crawling insects. The powder can be used as it is and scattered in outdoor/indoor areas (just to mention a few: gardens, pot holders, stables, patios, walkways and so on...).

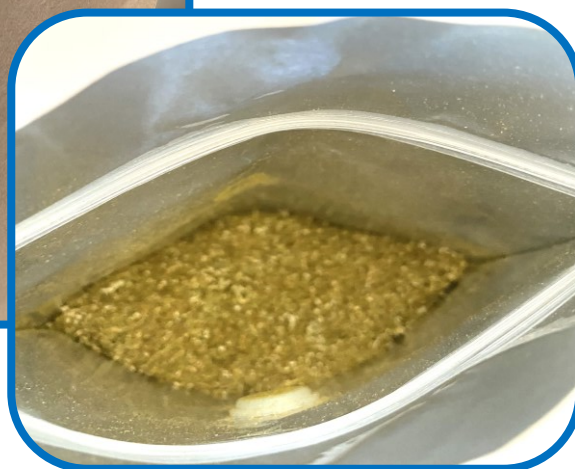

Crawling insects will avoid areas treated with pyrethrum powder. Lasting effects up to 3 weeks with the same application.

**We give  
back to  
nature  
its gift**
