## PYRGEN®

Pyrgen is a pyrethrum based insecticide useful for indoor and semi-open environments pest control solution. The aerosol refill must be used in combination with automatic dispenser: regular spray keep off and kill all kind of flying insects.

The active ingredient "Pyrethrum extract" is a broad spectrum insecticide and it is a natural derived oil (pyrethrum is extracted from flowers).

The product is 100% safe for human health as well as the environment and it has been authorized by the Italian Minister of Health (PMC 19087).
