

INTERCHANGEABLE ANTI-SHOCK INSOLE

Made completely of 100% natural materials, this insole can be easily replaced without compromising use of the footwear.

Made of cork and natural latex, it guarantees excellent aeration of the footbed, preventing odour. Hand wash at 30°.

- A** Plantar natural leather soft and absorbent
- B** Ventilation holes to facilitate proper air circulation
- C** Nondeformable structure due to the particular composition of the compound cork and natural latex
- D** Anatomical support for the proper support of the vault of the foot
- E** Anatomical basis cushioning for the support of the heel
