LINEAR

COMMUNITY CHAIR DESIGNED by **Giancarlo Bisaglia**

The Linear chair is characterized by an attractive and original design. Its slightly curved, perforated backrest offers surprising comfort. With its reinforced plastic seat and backrest, chromed steel frame. with or without armrests and upholstery, the Linear chair is ideal for use in the office, waiting-rooms or meeting-rooms.

The new Linear chair is an exclusive TREPLUS, the new design department of 3P Plast srl.

KEEMPAT

THE NEW OFFICE MESH CHAIR.

Keempat offers excellent lumbar support, the backrest is designed to keep the spine well erected and the mesh ensures adequate breathing.

Our designer wanted to create an essential but elegant chair. Its soft lines design and good taste in the choice of colours makes the chair perfect for any office.

The chair is available in different shades of colour and it is robust and durable.
