LIFTING FACE CREAM

ANTI AGE AND EYE CONTOUR

Properties

Cosmetic lifting treatment specifically designed for the face, ideal for mature, atonic, and dull skin.

Hyaluronic Acid provides a filling and anti-aging effect, synergizing with the hexapeptide Palmitoyl-19 to deliver an extremely effective Botox-like action. This cream is an excellent remedy for skin imperfections, restoring a relaxed, rested, and toned appearance while significantly reducing expression lines. Shea Butter, Argan oil, Macadamia oil, and Hemp oil are rich in antioxidants and nutrients, while Prickly Pear, Niacinamide, and Mullein contribute to illuminating the skin, regulating sebum, and promoting microcirculation. The skin will appear younger, radiant, firm, and homogeneous.

Indications for use

Its use is recommended for:

- Dull, atonic and asphyxiated skin
- Skin with expression lines
- All skin types, even the most sensitive ones

Mode of use

Apply morning and evening to the face, neck and décolleté with a gentle massage, focusing on the eye contour area.

Ingredients

Aqua, Caprylic/capric triglyceride, Glycerin, Aloe barbadensis leaf juice, Stearyl alcohol, Butyrospermum parkii butter, Cetearyl alcohol, Cetyl alcohol, Glyceryl stearate citrate, Cannabis sativa seed oil, Argania spinosa kernel oil, Macadamia ternifolia seed oil, Niacinamide, Opuntia ficus-indica stem extract, Sodium hyaluronate, Hydrolyzed verbascum thapsus flower, Palmitoyl hexapeptide-19, Tocopheryl acetate, Ascorbyl palmitate, Linseed acid, Tocopherol, Tridecane, Dicaprylyl ether, Tetrasodium glutamate diacetate, Ethylhexyl stearate, Parfum*, Citric acid, Phenoxyethanol, Undecane, Silica, Xanthan gum, Ethylhexylglycerin, Sodium benzoate, Potassium sorbate, Hexyl cinnamal, Limonene.
