ILLUMINATING AND REGENERATING

FACE CREAM

Properties

The extremely rich formula of natural actives makes this face cream ultra-nourishing, regenerating, and with illuminating and smoothing effects. The illuminating blend composed of Niacinamide, Zinc, Nasturtium extract, and other actives, in synergy with Mullein phytoextract, leaves the skin radiant, even, oxygenated, and has a detoxifying and revitalizing function.

The innovative texturizing powder in this cream creates a soft-focus effect for better light diffusion on the skin, also exerting an anti-shine mattifying effect. High molecular weight Hyaluronic Acid, Hemp oil, and Rice Bran oil, on the other hand, are excellent antioxidants, moisturizers, and soothing agents.

The skin will appear firm, even, smoothed, luminous, and deeply nourished.

Indications for use

Its use is recommended for:

- Dull, dry skin
- Asphyxiated, tired skin
- Uneven and/or shiny complexion

Mode of use

Apply morning and evening to face, neck and décolleté
Massage in circular motions until fully absorbed
Absorbs easily and does not grease the skin
