Since 1934 Passion has been guiding us

Ghisoni Transport & Logistic was founded by Luigi Ghisoni (first generation) in Cremona in 1934.

The love for transport activities is handed down to his son Fausto who with talent and courage characterizes the strong international vocation (second generation).

Today Fausto has passed on his experience to his son Cristiano (third generation) who, in addition to transport, has introduced all logistics services.

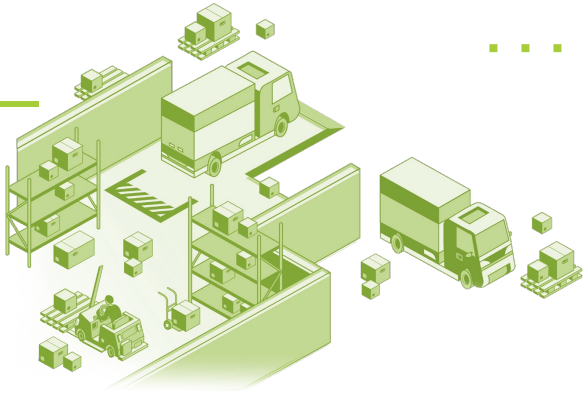

Ghisoni Transport & Logistic is a solid and reliable partner in the field of full and part load road haulage for road, air and sea transport.

360°

Logistics Service 360°

- Deposits
- Industrial loads
- Express courier
- International transport by land, air and sea

Deposits for your flexibility

In the context of global competition, even small and medium-sized enterprises must provide themselves with spaces for and be able to take advantage of efficient supply chains by enhancing their storage possibilities.

Our logistics plan allows us to guarantee flexibility to our customers through our services of:

- Conventional warehouses and storage
- Picking and packing
- Transit points
- Cross docking

Industrial loads

Ghisoni Trasporti & Logistic's industrial cargo service is the optimal solution for the rapid and reliable transport of partial and full loads at segmented rates and direct delivery.

We use vehicles weighing from 3.5 to 32 tons equipped with:

- A.D.R. set-up
- Tail lifts
- Side openings
- Cover and uncover for loads by overhead crane
- Vehicle geolocation
- Vans for transport according to the HaCCP system and hygiene standards

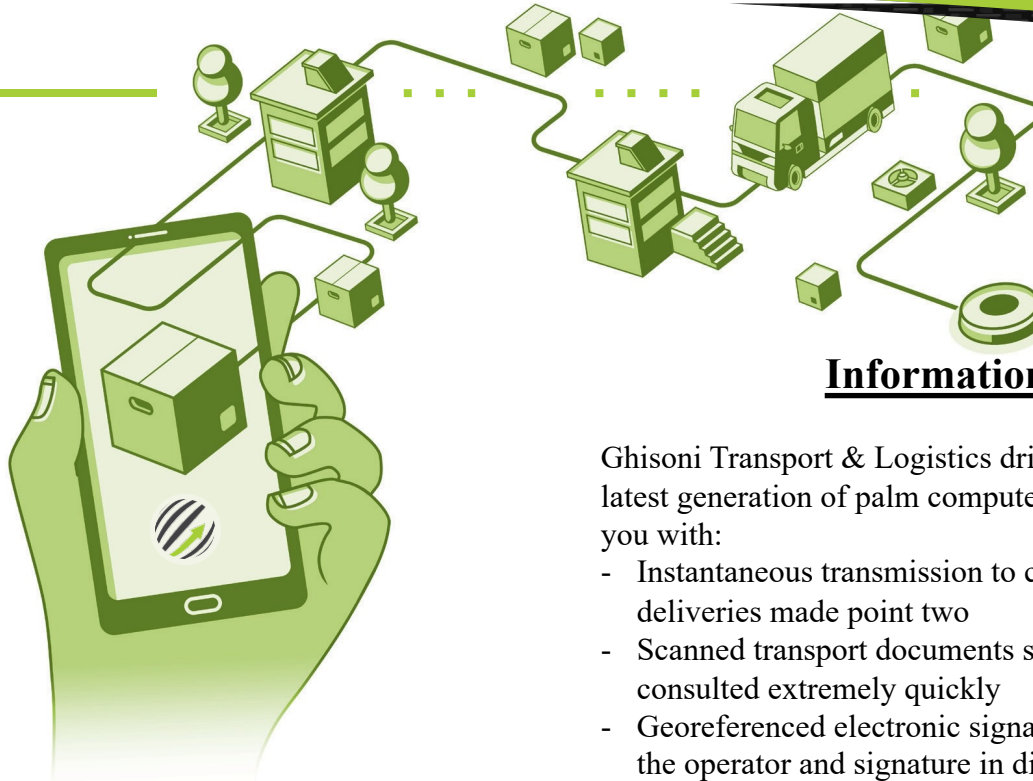

Express courier

Ghisoni Transport & Logistic's express courier service refers to individual parcels or entire pallets and makes use of the support of the best networks with daily connections to the main Italian and European routes.

The terms of delivery are guaranteed and can be summarized as follows:

- STANDARD 48/72/120 HOURS
- NON-STOP 24/48 HOURS
- NON STOP TRANSIT TIME within 12 a.m. 24 HOURS

Information services

Ghisoni Transport & Logistics drivers are equipped with the latest generation of palm computers that allow us to provide you with:

- Instantaneous transmission to computer systems of the deliveries made point two
- Scanned transport documents signed for receipt that can be consulted extremely quickly
- Georeferenced electronic signature with legible surname of the operator and signature in digital format
- All the information in real time of the trekking phases
- Georeferencing of the position of vehicles and goods
- IT investments for the cloud to make the information system live throughout Italy

The guarantee of a PROFESSIONAL team

We believe and constantly invest in our collaborators who are updated with:

- safety training training on driving and road
- safety regulations training on load handling and positioning training on A.D.R. regulations
- specific tailor-made courses

Geographic coverage

With the ROAD TRANSPORT service on the Italian territory we connect 8 sorting hubs every night:

- Milan Padua Bologna Ancona Florence Rome Naples Catania and over 150 distribution centers with daily connections
- In Europe we have a capillary connection between the main cities and the European routes and transport times are constantly updated on the website: www.autotrasportighisoni.it

We connect the rest of the world through air and sea freight services

PALLET TRANSPORT

Through the night hubs strategically located on the Italian and European territory and the hub & spoke method of distribution, the goods are processed and sorted for delivery to the final customer, limiting passages and guaranteeing safety in the handling of goods.

SIMPLE AND COMPETITIVE AGREED RATES PER PALLET

- Pallet rates
- Rates per quintal (for special needs)

EXPRESS TIMELINES AND ECONOMY
GUARANTEED DELIVERY TIMES:

- Standard 24-72 hours
- Non-stop 24 hours, before 12.00 a.m.
- Dedicated services during the day
