

BS SERIES

Ceiling Brackets and
TV Mounts

The first
rule
of furnishing
is that you
can break almost
all the other
rules.”

Billy Baldwin

BS SERIES

CHANGE YOUR WAY
OF THINKING ABOUT
THE TV POSITION.

This series of mechanisms
makes it possible to
install the TV inside the
ceiling or on a
table/floor/structure,
and it offers the
possibility of not
sacrificing other walls as
a TV location.

Thanks to their concealed
installation, the flip
systems also make you
benefit from the TV only
during its effective
vision, and to enjoy the
space immediately
afterwards.

No more furniture
or
equipped walls

FUNCTIONALITY AND DESIGN

With our brackets you can
install the TV directly in the
ceiling.

THE NEW CONCEPT OF OUR FLIP SYSTEMS

Thinner, lighter
and easier
to install

Their cover box makes
installation even easier
and faster. The result is
a movement system that
is more essential in its
composition and
compact in its
dimensions.

90° opening

thin

light

BS TS Greater flexibility in the design of spaces

BS TS

EQUIPPED WITH
ROTATION

Multiple viewing
locations with a
single screen

Thanks to the
servo-assisted rotation,
the TV can be viewed
from different corners in
the room

90° opening

screen rotation

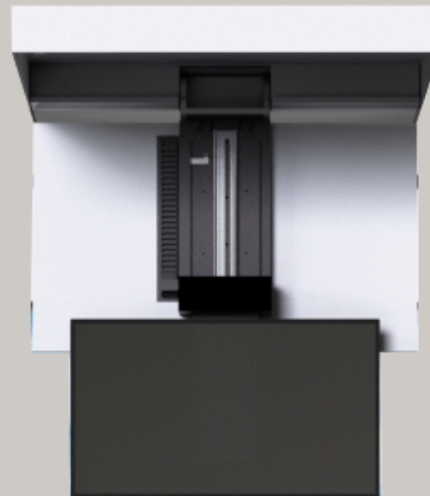

BS YO-YO Maximum freedom in design

BS YO-YO

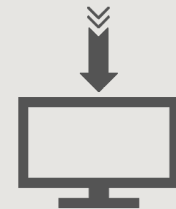

INTEGRATED EXCURSION

for optimal viewing
even with higher
ceilings

The bs yoyo series
is integrated with a lift
which, in the presence of
very high roofs, brings
the screen to an adequate
height to offer the perfect
vision.

elegance and functionality*

BS TS YO-YO

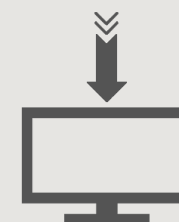

LIFT AND ROTATION INTEGRATED

More positions to watch
TV and screen height
adjustment

The bs ts yoyo series
opens, descends and
rotates. It allows you to
view the TV from any
corner in the room and to
adjust the height of the
screen.
