Shaked Coffee

Iced Coffee

Slushes

Frappe'

Cocktails

An absolute brand news of the New Made in Italy Line is P*LARIS, the first machine for Shaked Coffee and much more. In a Compact Stainless Steel body, you can find a set of functions ideal to prepare in few seconds from the classic Italian Espresso Coffee to a perfect fresh Shaked Coffee, but also Slushes, Cocktails and Milkshakes thanks to Grinder and Mixer independent functions. Functional for all small and medium-sized restaurants and catering, which in a small space and with very low energy consumption (550W for the Coffee Group – 80W for Grinder&Mixer) have a machine that is simple to use and to clean, P*LARIS is available for FAPØ36mm or Nespresso* and Compatible Capsules. The machine can also be customized with a series of Optional to discover.

*Nespresso trademark is not the property of Commerciale Adriatica Srl or other connected Companies
