MY FRAGRANCES  
MILANO

# CATALOG BODY CARE AROMATICHE

maggiorana, coriandolo & pepe nero

# OUR STORY

Born from love for the home, which has always been a place of expression of one's personality. Before embarking on this adventure, we gained over 20 years of experience in the sector.

A challenging path that, thanks to a great passion, has led us to excel in the world of **fragrances and body cosmetics**.

**Cult of well-being, excellence, artisan traditions** and maximum attention to detail are the creed of My Fragrances. All My Fragrances products are designed in-house: from the graphics to the packaging - everything in My Fragrances is taken care of down to the smallest detail. Continuously projected towards ambitious and high quality projects, we have always supported the four strong elements of our brand: **quality, design, eco-sustainability and made in Italy**.

**Inspiration, research and passion** lead us to the continuous study of new formulas that guarantee optimal well-being while always respecting the environment and regulations. The attention to the formulations and the choice of raw materials is a fixed point for us. My Fragrances has made this philosophy a true mission, taking the customer on a multi-sensory journey that crosses the world in all its facets. My Fragrances: Italian design, nature in the heart.

# OUR VALUES

**The attention to details** is translated into an in-depth research on every ingredient, on the origin of our herbs, plants, flowers and essences. All raw ingredients are carefully selected to create a unique product, studied down to the smallest detail.

At the base of MyFragrances' values there is the respect for nature and the careful selection of raw materials and active ingredients. This happens in synergy with the continuous research of new formulations, looking at **nature as the first source of inspiration**.

A company aware and committed to environmental issues, MyFragrances makes eco-sustainability one of its key element. Inspired by these solid principles that make us unique and distinguish us, we have always worked to ensure the protection and well-being of our customers and the world around us.

With this in mind, we have chosen to reduce packaging to the absolute minimum in order to limit environmental impact.

**Nature has always been our best ally.**

# BIO COSMETIC

**Organic cosmetics** are made from natural substances, usually of plant origin. These substances must not be harmful to the body and must also have a low environmental impact.

Organic cosmetics have several advantages, first of all is not to submit our body to chemicals, **preventing our skin and our body from irritation and allergies**. Thanks to the properties of the different active ingredients of plants, extracts and essential oils, our products **deeply nourish the skin without changing the pH**, helping it to maintain its beauty for a long time, preserving and promoting the state of well-being.

BIO CERTIFIED products guarantee that the ingredients contained in them are free of harmful and toxic substances for the skin and the planet, that GMOs have not been used in the production of cosmetics, that they have been produced without the use of ionizing radiation and that they are respectful of man and the environment.

In order to obtain the certification of BIO cosmetics on its products the company must submit them to the tests of an accredited institution which, after passing the strict controls, will evaluate if the product complies or not with these standards. Among the requirements, it is necessary to use, as raw materials, natural and organic ingredients, **certified according to EC Reg. 834/07** or equivalent standards, obtained through pre-established physical-chemical processes in order to avoid any possible manipulation or contamination that could compromise their naturalness.

The label indicating that the product is BIO CERTIFIED, placed on the products, guarantees that the product has been certified by a competent body, in our case BIOS Srl, which has ascertained that the particular formulation meets the necessary requirements. Specifically, this certification means that it does not contain chemical substances harmful to man and the environment, that most of the ingredients used are of vegetable origin, that they come from organic farming and that they are dermocompatible.

# BODY CARE

We believe in the added value of organic: from nature and for nature. All our body care products are **BIO certified**.

In order to guarantee quality and reliability, My Fragrances has chosen to certify its cosmetic lines with **Bios srl**, which guarantees organic certification according to strict standards. Our mission is the creation of a safe and effective cosmetic for the consumer, as well as eco-friendly.

We care about:

- give a valid contribution to the diffusion of cosmetic products with organic certification or containing raw materials of botanical origin in respect of the environment,
- reduce packaging to avoid waste by limiting the consumption of plastic and paper,
- propose **high quality cosmetics that do not contain parabens, SLS, SLES, silicones or mineral oils**, in order to maximize the beneficial potential of the ingredients.

In this way we guarantee a certification of quality products, organic, simple but effective, ready to satisfy even the most demanding consumer.

We ensure not only the safety and efficacy of the organic cosmetic product, but also its **eco-compatibility**, using **recyclable or biodegradable packaging**, encouraging the **use of energy from renewable resources**.

# AROMATICHE

marjoram, coriander & black pepper

Proudly Italian, the cosmetic and body care MyFragrances are designed to guarantee **quality and reliability**. All formulas based on **technology and nature**.

The **Aromatiche** organic line bases its action on **herbal wisdom**, an extraordinary balanced formula exploiting the multi properties of essential oils and the **extracts of the aromatic plants**, to regenerate skin tissue. The Marjoram, Coriander & Black Pepper fragrance has relaxing, soothing, harmonising notes. The extracts of medicinal herbs contained in this line are excellent for revitalising skin. A formula based on the oils of coriander, black pepper and marjoram, to invigorate and hydrate skin tissue leaving it soft and velvety.

**PERFECTLY BALANCED  
WELLNESS AND BEAUTY**

# AROMATICHE

marjoram, coriander & black pepper

Nature has always been our best ally,  
reason why, all our products are ORGANIC.

## Body Wash

Delicate cleanser with nourishing, full-bodied sensuality. The formula was designed carefully to obtain an effective cleansing, foaming action, delicate on all skin types. The formula is rich in plant surfactants and natural nourishing, hydrating, soothing extracts.

## Shampoo

With an effective cleansing action, it is delicate and also suited for weakened hair. Use of natural ingredients from hydrolysed wheat-soy protein creates a conditioning, restorative effect on hair. Our products do not contain: Parabens, Mineral Oils, Paraffin, SLS and SLES.

## Massage Oil

Thanks to the precious oils used, the ORGANIC Massage Oil performs a softening, soothing action on the skin. Its fluidity facilitates application and the skin remains soft and silky for a long time after treatment.

# Body Scrub

Delicate on the body, its exfoliating action removes dead cells and favours natural cell renewal. Enriched with the Oils of Sweet Almond and Argan, with their well-known nourishing properties, it stimulates microcirculation and hydrates in depth, leaving skin soft and glowing.

# Body Cream

ORGANIC Body Cream, prepared with the extracts of medicinal herbs, perfect for in-depth nourishment and repair. Ideal for dry, dehydrated skin thanks to the liquid crystals cosmetic technology.

# Hand Cream

The precious combination of medicinal herbs, with strengthening and protective properties, combined with a delicate blend of Jojoba oil, rich in natural antioxidants, has protective and emollient properties. The cream is particularly suitable for the care of hands, even in conditions of dry and stressed skin. Indispensable in winter, pleasant in summer.

# Hand Soap

Gentle cleanser with a rich and full-bodied sensory profile with an effective cleansing and purifying action. The formulation is rich in natural extracts with nourishing, moisturizing and soothing properties.

# ORGANIC SHAMPOO

## 250 ML

### DESCRIPTION

With an effective cleansing action, it is delicate and also suited for weakened hair. Use of natural ingredients from hydrolysed wheat-soy protein creates a conditioning, restorative effect on hair. Our products do not contain: Parabens, Mineral Oils, Paraffin, SLS and SLES.

### TYPE OF HAIR

Suitable for all hair types, ideal for dull and matted hair.

### METHOD OF USE

Apply the product to wet hair. Massage with large movements to promote complete cleansing and a deep action of the active substances. Rinse thoroughly with warm water. For more details read our tips at the end.

### PROPERTIES

**Chamomile Extract:** It is an extract with marked de-reddening, soothing and decongestant properties. It promotes the repair of the epidermis and dermis and has a protective action against external aggressions, it is able to accelerate the healing of skin lesions. A natural way to "relax" the skin.

**Hydrolyzed Wheat Proteins:** Wheat proteins are a unique moisturizing complex, able to penetrate deep inside the skin structures offering the right water balance to the skin and giving a silky and elastic touch. Their use is frequently present in the preparation of hair products, being able to make them soft and shiny already after the first applications, bringing strength, volume and shine. It is therefore ideal for the care of dry hair and scalp desquamation, preserving the natural moisture of the sebum.

**Argan Oil:** Thanks to the high concentration of Vitamin E (twice the amount present in Olive Oil), Argan Oil ensures skin hydration, promotes cell oxygenation, protects the skin from external aggressions and neutralizes free radicals. It is an oil that gives the skin a feeling of softness, smoothness and silkiness. It also has strong nourishing, anti-aging and firming properties.

**Essential Oil of Marjoram:** Useful to deeply moisturize the skin, sanitize and purify the skin from impurities and toxins. It also has balsamic and pain-relieving properties. It is useful for the neuro-muscular system thanks to its warming and relaxing action.

**Coriander Essential Oil:** Coriander is an aromatic herb native to the Mediterranean area, famous for its antibacterial and antifungal properties. It is rich in antioxidants and has anti-inflammatory properties. It is also an excellent active ingredient capable of stimulating circulation.

**Black Pepper Essential Oil:** This oil is ideal in the treatment of the skin to improve circulation problems, helping to diminish the imperfections of cellulite. With antiseptic and antibacterial properties, it has a purifying, nourishing and relaxing action.

### INCI

Aqua, Aloe Barbadensis Leaf Juice\*, Cocamidopropyl Betaine, Sodium Lauroyl Sarcosinate, Disodium Cocoamphodiacetate, Coco-Glucoside, Hamamelis Virginiana Leaf Water, Cocamidopropyl Hydroxysultaine, Chamomilla Recutita Flower Extract\*, Glycerin, Guar Hydroxypropyltrimonium Chloride, Hydrolyzed Wheat Protein, Soy Amino Acids, Wheat Amino Acids, Argania Spinosa Kernel Oil\*, Eucalyptus Globulus Leaf Oil, Origanum Majorana Leaf Oil, Verbena Officinalis Leaf Rectified Oil, Coriandrum Sativum Seed Oil (Coriander) Seed Oil, Piper Nigrum Fruit Oil, Arginine, Threonine, Serine, Citric Acid, Potassium Sorbate, Sodium Salicylate, Sodium Benzoate, Citral, Limonene, Linalool, Geraniol.

# ORGANIC BODY WASH

## 250 ML

### DESCRIPTION

Delicate cleanser with nourishing, full-bodied sensuality. The formula was designed carefully to obtain an effective cleansing, foaming action, delicate on all skin types. The formula is rich in plant surfactants and natural nourishing, hydrating, soothing extracts.

### TYPE OF SKIN

Suitable for all skin types, ideal for dry and stressed skin.

### METHOD OF USE

Spread shower gel over wet body using a sponge. Gently massage on skin until a soft foam is obtained in order to cleanse and remove dead cells. It is preferable not to apply the shower gel on the face but it is suggested to use a specific cleanser, as it could increase the risk of irritation and dryness. For a correct way of use, please refer to the specific chapter.

### PROPERTIES

**Aloe Juice:** Aloe juice acts primarily as a skin moisturizer and soothing agent, but also has antifungal and antimicrobial properties. Aloe gel forms a protective film on the skin, which allows it to act as an excellent moisturizing agent. Aloe has healing, soothing and anti-reddening properties; it stimulates the production of collagen and elastin, helping to counteract the effects of skin aging.

**Chamomile Extract:** It is an extract with marked de-reddening, soothing and decongestant properties. It favors the repair of the epidermis and dermis and has a protective action against external aggressions, it is able to accelerate the healing of skin lesions. A natural way to "relax" the skin.

**Argan Oil:** Thanks to the high concentration of Vitamin E (twice the amount present in Olive Oil), Argan Oil provides the skin with moisture, promotes cell oxygenation, protects the skin from external aggressions and neutralizes free radicals. It is an oil that gives the skin a feeling of softness, smoothness and silkiness. It also has strong nourishing, anti-aging and firming properties.

**Essential Oil of Marjoram:** Useful to deeply moisturize the skin, sanitize and purify the skin from impurities and toxins. It also has balsamic and pain-relieving properties. It is useful for the neuro-muscular system thanks to its warming and relaxing action.

**Coriander Essential Oil:** Coriander is an aromatic herb native to the Mediterranean area, famous for its antibacterial and antifungal properties. It is rich in antioxidants and has anti-inflammatory properties. It is also an excellent active ingredient capable of stimulating circulation.

**Black Pepper Essential Oil:** This oil is ideal in the treatment of the skin to improve circulation problems, helping to diminish the imperfections of cellulite. With antiseptic and antibacterial properties, it has a purifying, nourishing and relaxing action.

### INCI

Aqua, Aloe Barbadensis Leaf Juice\*, Cocamidopropyl Betaine, Sodium Lauroyl Sarcosinate, Coco-Glucoside, Disodium Cocoamphodiacetate, Cocamidopropyl Hydroxysultaine, Glyceryl Oleate, Chamomilla Recutita Flower Extract\*, Glycerin, Hamamelis Virginiana Leaf Water, Argania Spinosa Kernel Oil\*, Eucalyptus Globulus Leaf Oil, Origanum Majorana Leaf Oil, Verbena Officinalis Leaf Rectified Oil, Coriandrum Sativum Seed Oil, Piper Nigrum Fruit Oil, Citric Acid, Potassium Sorbate, Sodium Salicylate, Sodium Benzoate, Citral, Limonene, Linalool, Geraniol.

# ORGANIC BODY SCRUB

## 250 GR

### DESCRIPTION

Delicate on the body, its exfoliating action removes dead cells and favours natural cell renewal. Enriched with the Oils of Sweet Almond and Argan, with their well-known nourishing properties, it stimulates microcirculation and hydrates in depth, leaving skin soft and glowing.

### TYPE OF SKIN

Suitable for all skin types, ideal for dry and dull skin.

### METHOD OF USE

With the help of a small spatula, mix the oily part with the Dead Sea Salts until the consistency is homogeneous. Apply the product on wet skin and massage with circular movements. Rinse and abscond the skin by dabbing without rubbing so as not to remove the oils remaining on the surface. The skin is already hydrated, but just a small amount of cream to double the benefits of the scrub and intensify the aroma: a simple treatment to do at home that gives spa-like results. Use 1-3 times per week depending on skin type. Do not use in combination with exfoliating accessories. Do not use on irritated or dry skin, as this may further irritate the skin. For proper use, refer to the specific chapter.

### PROPERTIES

**Cane Sugar:** Cane sugar is a natural exfoliant and an ideal antiseptic, as it cleanses and kills bacteria. It is also a perfect moisturizer for the skin, as it captures and retains moisture from the outside. Its granules then, being smaller than those of salt, are less aggressive and more suitable for the most delicate areas.

**Sweet Almond Oil:** It has strong nourishing, elasticizing and emollient properties. Effective in the treatment of dry and reddened skin, fights skin aging and helps prevent stretch marks. It also has valuable antioxidant virtues, is rich in good fats, oleic and linoleic acid.

**Argan Oil:** Thanks to the high concentration of Vitamin E (twice the amount present in Olive Oil), Argan Oil ensures skin hydration, promotes cell oxygenation, protects the skin from external aggressions and neutralizes free radicals. It is an oil that gives the skin a feeling of softness, smoothness and silkiness. It also has strong nourishing, anti-aging and firming properties.

**Essential Oil of Marjoram:** Useful to deeply moisturize the skin, sanitize and purify the skin from impurities and toxins. It also has balsamic and pain-relieving properties. It is useful for the neuro-muscular system thanks to its warming and relaxing action.

**Coriander Essential Oil:** Coriander is an aromatic herb native to the Mediterranean area, famous for its antibacterial and antifungal properties. It is rich in antioxidants and has anti-inflammatory properties. It is also an excellent active ingredient capable of stimulating circulation.

**Black Pepper Essential Oil:** This oil is ideal in the treatment of the skin to improve circulation problems, helping to diminish the imperfections of cellulite. With antiseptic and antibacterial properties, it has a purifying, nourishing and relaxing action.

### INCI

Sucrose, Olea Europaea Fruit Oil\*, Helianthus Annuus Seed Oil\*, Oulus Oil, Prunus Amygdalus Dulcis Oil, Argania Spinosa Kernel Oil\*, Eucalyptus Globulus Leaf Oil, Origanum Majorana Leaf Oil, Verbena Officinalis Leaf Rectified Oil, Coriandrum Sativum Seed Oil, Piper Nigrum Fruit Oil, Tocopheryl Acetate, Citral, Limonene, Linalool, Geraniol.

# ORGANIC BODY CREAM

## 250 ML

### DESCRIPTION

ORGANIC Body Cream, prepared with the extracts of medicinal herbs, perfect for in-depth nourishment and repair. Ideal for dry, dehydrated skin thanks to the liquid crystals cosmetic technology.

### TYPE OF SKIN

Suitable for all skin types, ideal for dry and dull skin.

### METHOD OF USE

Pour a knob of cream on the hand and distribute it evenly over every part of the body starting from the right foot, the point farthest from the heart, and then up the legs and towards the pelvis. The massage must always go up towards the heart, and never the opposite, because the lymph flows upwards: from the feet towards the pelvis, from the lower abdomen to the sternum, from the hands to the shoulders. Apply the cream by making gentle and wide circular movements, gently massaging the skin so that the product can penetrate deeply. Insist especially on the heels, knees and elbows, where the skin is excessively dry and tends to look unsightly. At the end of the application wait at least five minutes before dressing, as it is necessary to give time to the skin to fully absorb the cream. For a velvety effect, application once a day is recommended. For the correct method of use, refer to the specific chapter.

### PROPERTIES

**Shea Butter:** Has emollient, moisturizing and regenerating properties of the skin barrier. Gives the skin firmness and elasticity, which makes the Shea Butter a valuable ally to combat the signs of aging on the face and body. Thanks to the Vitamin E contained in it is an excellent natural antioxidant.

**Jojoba Oil:** Of great support to maintain the hydration of the epidermis, to protect it from external factors and to combat dry skin. Rich in B vitamins, vitamin E and fatty acids is a valuable aid to reduce aging by preventing the formation of wrinkles. It also has an anti-inflammatory and soothing effect.

**Olive Oil:** Rich in many precious substances for our beauty such as Vitamin A, E, D and unsaturated fatty acids. It is excellent for fighting aging, ideal for treating dry and dehydrated skin as it has a strong emollient and soothing action. It helps to counteract water loss from the epidermis, keeping it hydrated and soft.

**Essential Oil of Marjoram:** Useful to deeply moisturize the skin, sanitize and purify the skin from impurities and toxins. It also has balsamic and pain-relieving properties. It is useful for the neuro-muscular system thanks to its warming and relaxing action.

**Coriander Essential Oil:** Coriander is an aromatic herb native to the Mediterranean area, famous for its antibacterial and antifungal properties. It is rich in antioxidants and has anti-inflammatory properties. It is also an excellent active ingredient capable of stimulating circulation.

**Black Pepper Essential Oil:** This oil is ideal in the treatment of the skin to improve circulation problems, helping to diminish the imperfections of cellulite. With antiseptic and antibacterial properties, it has a purifying, nourishing and relaxing action.

### INCI

Aqua, Aloe Barbadensis Leaf Juice\*, Glycine Soja Oil, Cetearyl Alcohol, Ethylhexyl Palmitate, Glycerin, Olus Oil, Dicaprylyl Carbonate, Glyceryl Stearate, Cetearyl Glucoside, Butyrospermum Parkii Butter, Caprylic/Capric Triglyceride, Potassium Cetyl Phosphate, Simmondsia Chinensis Seed Oil\*, Olea Europaea Fruit Oil\*, Eucalyptus Globulus Leaf Oil, Origanum Majorana Leaf Oil, Verbena Officinalis Leaf Rectified Oil, Coriandrum Sativum Seed Oil, Piper Nigrum Fruit Oil, Tocopherol, Tocopheryl Acetate, Jojoba Esters, Hydrogenated Lecithin, Xanthan Gum, Lecithin, Potassium Sorbate, Ascorbyl Palmitate, Citric Acid, Sodium Benzoate, Tetrasodium Glutamate Diacetate, Sodium Salicylate, Ci 77510 (Ferric Ferrocyanide), Citral, Limonene, Linalool, Geraniol, Eugenol, Farnesol.

# ORGANIC MASSAGE OIL

## 100 ML

### DESCRIPTION

Thanks to the precious oils used, the ORGANIC Massage Oil performs a softening, soothing action on the skin. Its fluidity facilitates application and the skin remains soft and silky for a long time after treatment.

### TYPE OF SKIN

Suitable for all skin types, ideal for dry skin.

### METHOD OF USE

Traditionally, the oil is applied on dry skin and gently massaged with wide circular movements until completely absorbed. A second method, less known but very valid and fast, is to use it directly after washing: apply the product on clean and wet skin, massage gently, rinse and finally dry the skin by dabbing so as not to remove the oils from the skin. The massage should be carried out from the feet to the pelvis, from the lower abdomen to the sternum, from the hands to the shoulders. For a velvety effect we recommend a daily application. For a correct method of use, refer to the specific chapter.

### PROPERTIES

**Olive Oil:** Rich in many precious substances for our beauty such as vitamin A, E, D and unsaturated fatty acids. It is excellent for fighting aging, ideal for treating dry and dehydrated skin as it has a strong emollient and soothing action. It helps to counteract the loss of water from the epidermis, keeping it hydrated and soft.

**Argan Oil:** Thanks to the high concentration of Vitamin E (twice the amount present in Olive Oil), Argan Oil ensures skin hydration, promotes cell oxygenation, protects the skin from external aggressions and neutralizes free radicals. It is an oil that gives the skin a feeling of softness, smoothness and silkiness. It also has strong nourishing, anti-aging and firming properties.

**Essential Oil of Marjoram:** Useful to deeply moisturize the skin, sanitize and purify the skin from impurities and toxins. It also has balsamic and pain-relieving properties. It is useful for the neuro-muscular system thanks to its warming and relaxing action.

**Coriander Essential Oil:** Coriander is an aromatic herb native to the Mediterranean area, famous for its antibacterial and antifungal properties. It is rich in antioxidants and has anti-inflammatory properties. It is also an excellent active ingredient capable of stimulating circulation.

**Black Pepper Essential Oil:** This oil is ideal in the treatment of the skin to improve circulation problems, helping to diminish the imperfections of cellulite. With antiseptic and antibacterial properties, it has a purifying, nourishing and relaxing action.

# ORGANIC HAND CREAM

## 50 ML

### DESCRIPTION

The precious combination of medicinal herbs, with strengthening and protective properties, combined with a delicate blend of Jojoba oil, rich in natural antioxidants, has protective and emollient properties. The cream is particularly suitable for the care of hands, even in conditions of dry and stressed skin. Indispensable in winter, pleasant in summer.

### TYPE OF SKIN

Suitable for all skin types, ideal for dry and dehydrated skin.

### METHOD OF USE

Gently massage a small amount of product onto fresh, clean skin on hands until completely absorbed. For a velvety effect, apply at least once a day. For correct use, refer to the specific chapter.

### PROPERTIES

**Shea Butter:** Has emollient, moisturizing and regenerating properties of the skin barrier. Gives the skin firmness and elasticity, which makes the Shea Butter a valuable ally to combat the signs of aging on the face and body. Thanks to the Vitamin E contained in it is an excellent natural antioxidant.

**Jojoba Oil:** Of great support to maintain the hydration of the epidermis, to protect it from external factors and to combat dry skin. Rich in B vitamins, vitamin E and fatty acids is a valuable aid to reduce aging by preventing the formation of wrinkles. It also has an anti-inflammatory and soothing effect.

**Soybean Oil:** Oil with an important content of linoleic and alpha-linolenic acid. Ideal as anti-aging for mature skin, thanks to its nourishing and moisturizing properties. Thanks to isoflavones, it helps fight stretch marks and tissue dehydration by forming a protective hydrolipidic layer that hinders fluid loss. It contributes to the production of collagen and hyaluronic acid, as well as fighting elastase, the enzyme that attacks collagen.

**Essential Oil of Marjoram:** Useful to deeply moisturize the skin, sanitize and purify the skin from impurities and toxins. It also has balsamic and pain-relieving properties. It is useful for the neuro-muscular system thanks to its warming and relaxing action.

**Coriander Essential Oil:** Coriander is an aromatic herb native to the Mediterranean area, famous for its antibacterial and antifungal properties. It is rich in antioxidants and has anti-inflammatory properties. It is also an excellent active ingredient capable of stimulating circulation.

**Black Pepper Essential Oil:** This oil is ideal in the treatment of the skin to improve circulation problems, helping to diminish the imperfections of cellulite. With antiseptic and antibacterial properties, it has a purifying, nourishing and relaxing action.
