

Technical Data Sheet

Series: **Xenon**

Article code: **44CR0964**

Description:

Thermostatic shower mixer with telescopic column, shower head and monospray handshower.

Materials:

Brass

Surface finish Chrome:

14 micron Nickel

0.3 microm Chrome

Finishings

CR

Features

1/4" turn ceramic head work

Thermostatic cartridge

Cast solid brass body
Diverter integrated in the lever

Technical Data Sheet

Maintenance

Product care also includes regularly cleaning the aerator filter from impurities and/or lime scale. For correct decalcification, disassemble the aerator and place it into diluted vinegar (max concentration: 10% at 20°C) to remove lime scale deposits and/or dirt from the aerator filters. Leave it to soak for a few hours, and then rinse using only water.

Cleaning recommendation for products and care of finish

Chrome: the chrome surfaces can be cleaned with a mild detergent or with neutral soap and water.

Color finishes: taps with colored finishes should be cleaned only with a cloth and water.

Never use detergents containing mineral acids (ex. hydrochloric acid), aggressive acids (ex. acetic acid), bases (ex. ammonia) phosphoric acid or other aggressive substances, as they can cause significant damage.
