

Only the best rice becomes Grandi's Rice

In the Italian language,
the origin of the word “culture”
comes from the work of the land
and Grandi Riso knows what
this means: providing
top quality rice as a demonstration
of a different way of thinking,
eating and living the world.

With Riso Grandi, the Po Delta Rice District is born

Thanks to our work in the territory, to the incredible relationship with more than 200 farmers, in 2012 the Consortium of the Po Delta Rice was born, an agricultural district with incredible qualities.

Why rice coming from Po Delta area is so different

It grows in an unspoiled territory, away from industry exploitation and pollution, where the land meets the sea and the nature grows free and loved. It is a local product, unique in the world, milled by us with care.

The richness of 4 P.G.I. varieties

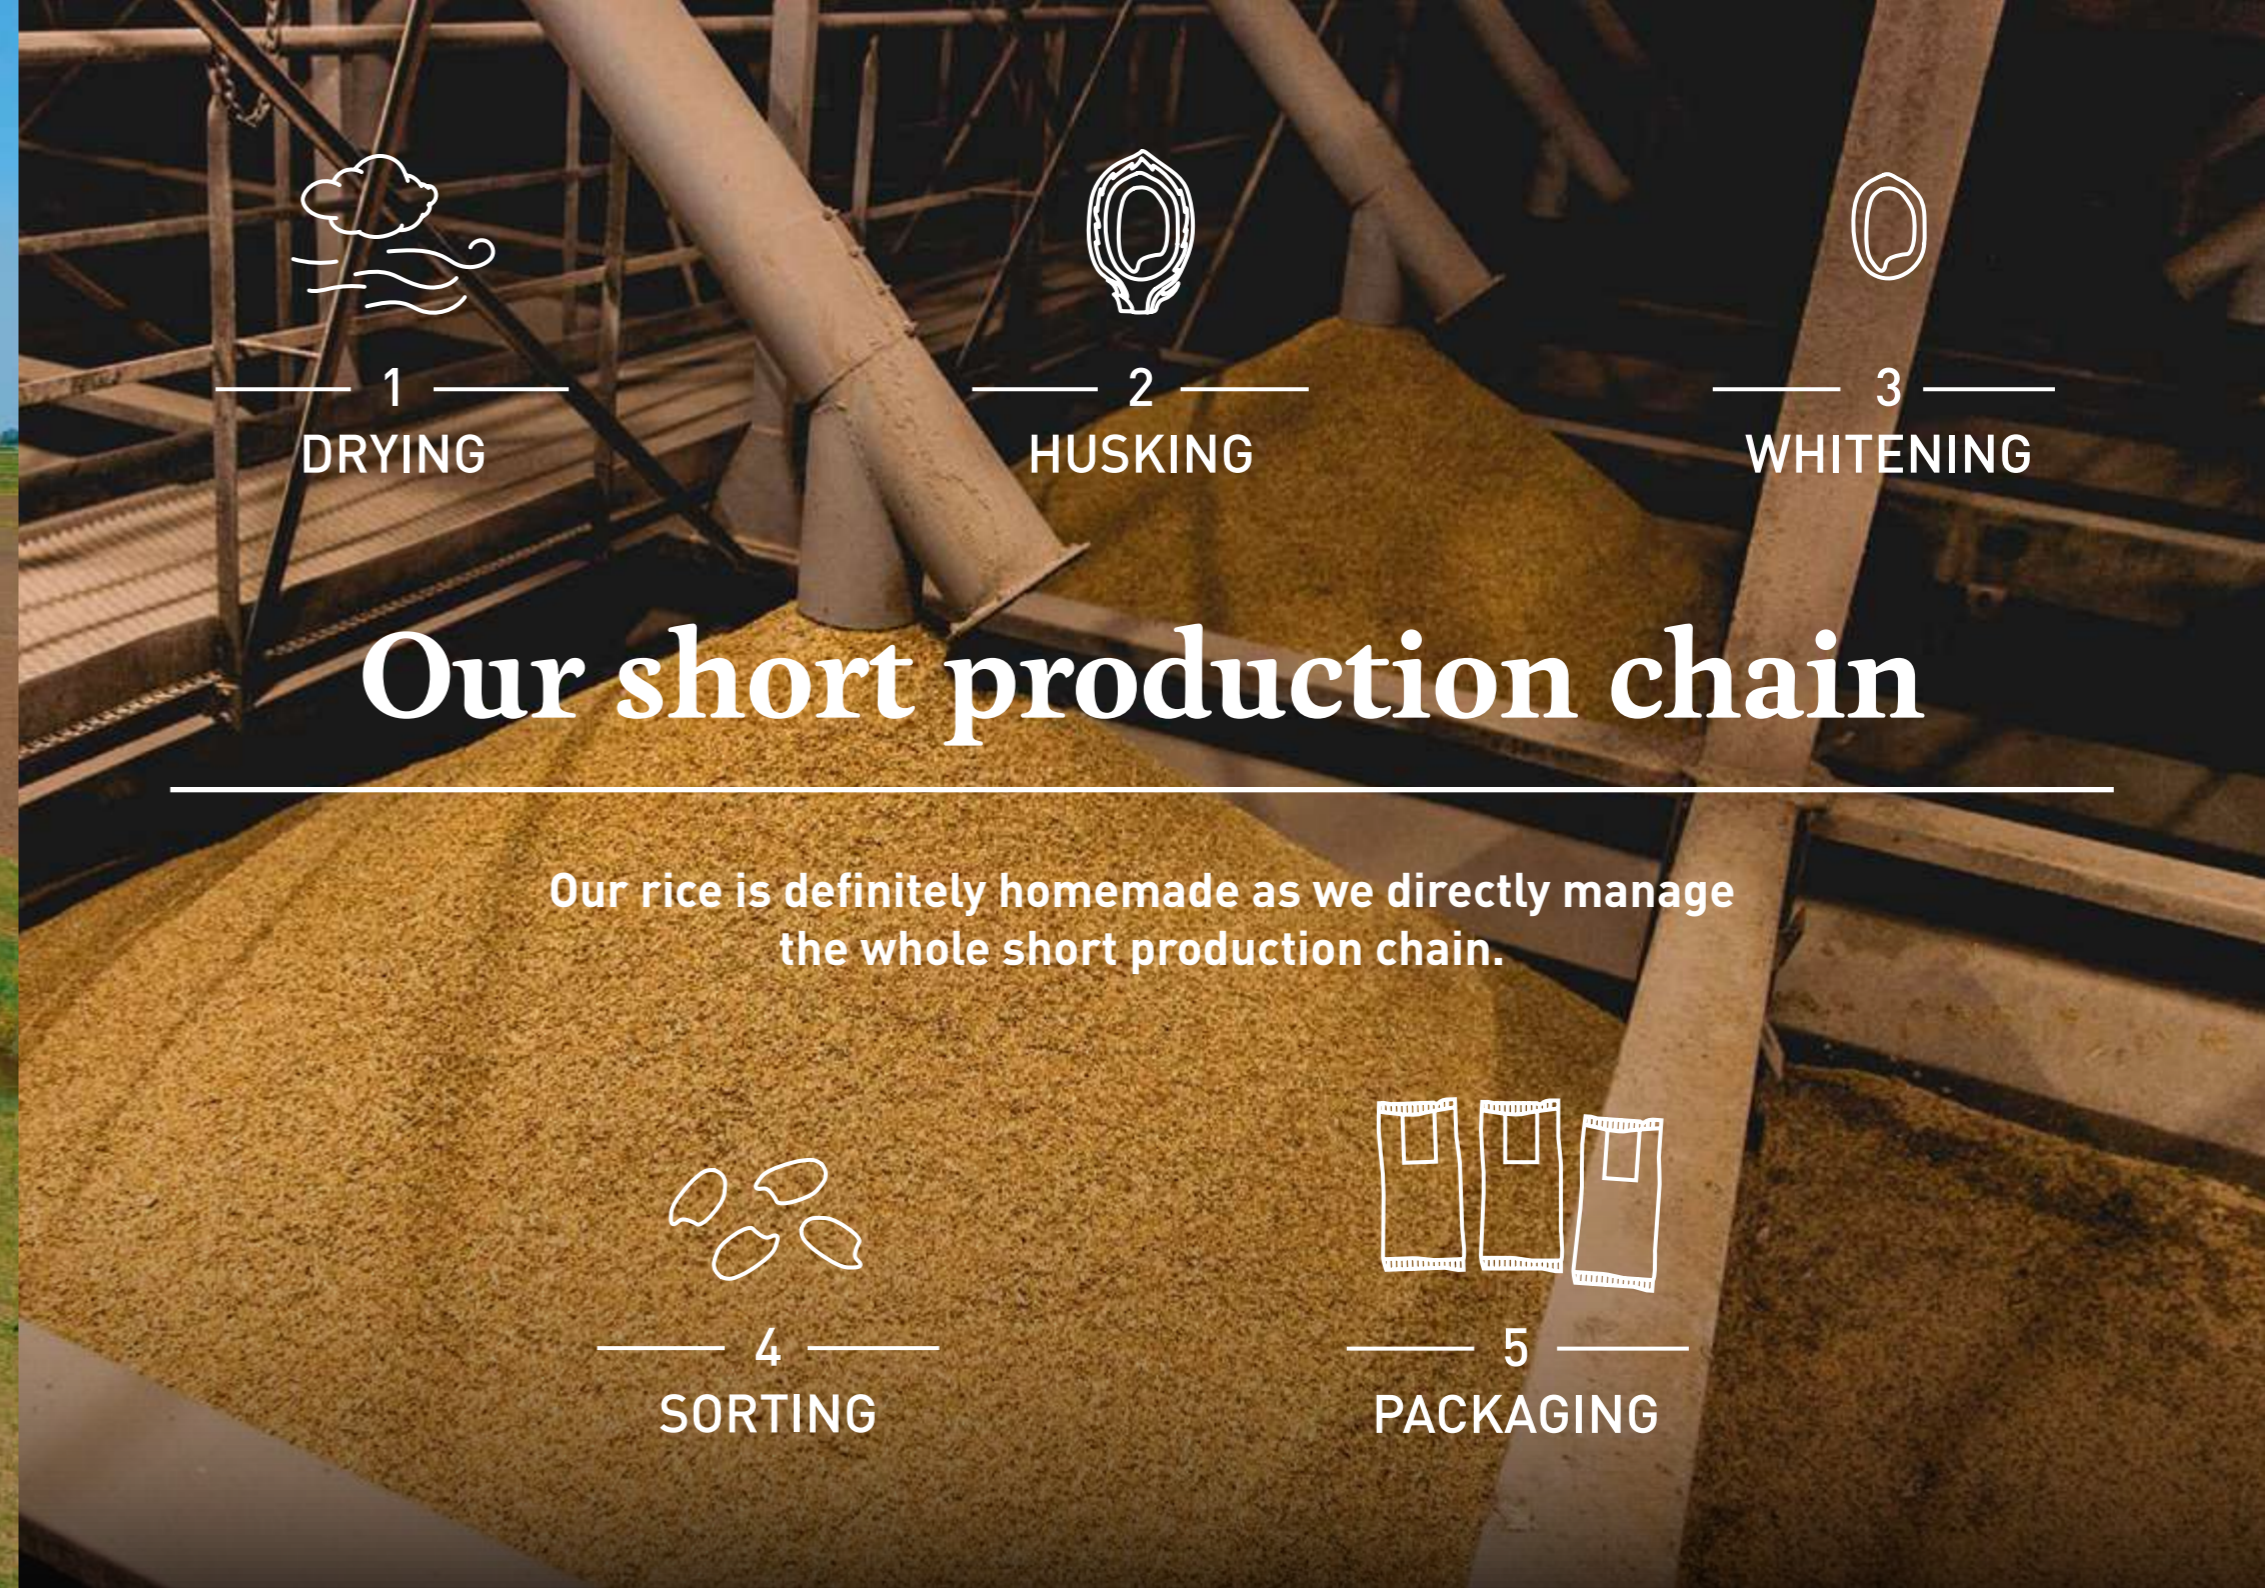

4 P.G.I. varieties out of the 5 existing in the world
of rice come from the Po Delta territories.

Carnaroli P.G.I.

Arborio P.G.I.

Baldo P.G.I.

Volano P.G.I.

WHITENING

Our short production chain

Our rice is definitely homemade as we directly manage
the whole short production chain.

4

SORTING

5

PACKAGING

Our unique numbers

Great numbers that certify a truly unique rice production.

206

Is the number of our silos, which makes us a unique company, capable of selecting the origin, the cultivation, the territory of each single packaged grain, guaranteeing total quality control.

21.690

Tons of paddy rice's store capacity.

750

Tons / day
of paddy dry capacity
of our production line.

275

Trusted farmers
carefully selected
for quality
and reliability.

70.000

Square meters of total area, of which 10.000 sqm for the factory.

4

GENERATIONS OF EXPERTS

The experience of the Grandi family over time has improved the technologies and has developed new ones, creating a very strong corporate culture in the field of rice production.

100%

ITALIAN
RICE

Our company mainly mills paddy coming from Ferrara area and from the south of Veneto region. For some rice varieties, we rely on farmers of other regions, but always located in Italy.

1

LOADING/UNLOADING TERMINAL

Our company owns an important ship loading/unloading terminal in Livorno, where they carry out the necessary activities for customs clearance, unloading and loading of goods.

40.000

SQM
OF STORAGE
WAREHOUSES

In Ferrara Nord we acquired the former Consorzio Agrario, more than 120,000 sqm of area with 4 warehouses for a storage capacity of 120,000 tons of cereal. The warehouses are equipped with ground channels, divided into several sectors, which allow the ventilation of the product for a better natural preservation.
