Made in Italy

COMPANY PROFILE

The **Azienda Agricola Orto d'Autore** was founded in 2000 in Molise (a small green region of Southern Italy, between the Adriatic Sea and the Apennines Mountains Chain) by the young women Angelica and Antonella, the wives of the D'Arienzo brothers. After finished their studies, the two women decided to go back to their homeland to carry forward the farming tradition of the D'Arienzo family. They started to produce tomato puree first and then other products by directly managing the supply chain, from sowing to harvesting, to processing and packaging. Orto d'Autore has always been careful to the nutritional aspects, all products are made with: the use of selected **raw materials**, mainly of **own production and 100% Italian of short supply chain**, materials harvested at the right level of ripeness in full respect of nature's times; the processing of the **fresh product, immediately after the harvesting**, in order to safeguard its organoleptic characteristics and nutritional principles; the artisanal method **"homemade"** of slow pasteurization at low temperature; no additives and / or preservatives added; a **full respect for the environment** by using raw materials as possible at **Km 0 and green energy** sources such as photovoltaic and wind.

To **guarantee the consumers** more, Orto d'Autore has the **Organic certification, Vegan OK** (Gluten and Lactose are not used in the production plant) and **IFS certifications**, in addition to an efficient **HACCP** self-control system for the safety of its products. These are the 100% Italian Orto d'Autore Specialties, which contain the passion of a family and the uniqueness of a territory:

- **PRESERVE FROM FRESH WHOLE FRUIT**
100g of fruit per 100 g of product, only fruit sugars, without citric acid- also ORGANIC
- **HANDMADE SAUCES**
100% Italian tomatoes collected and processed during the day - also ORGANIC
