COMPANY

The family firm Coffee Marcelletti operates in coffee industry since the '60s. Our experience has led us to develop high-quality coffee beans blends, soon became very popular in the Italian market. Our history is therefore a fusion of experience and passion, made up of many small daily successes. The result of a thorough process, hard-working, innovative and unique, the Marcelletti coffee is a high quality product, made thanks to manufacturing skills acquired over time to meet the demanding palates of gourmet coffee. Modern technology marries the ancient craft skills. Our coffee is produced through the latest machinery in order to reduce combustion harmful to health and guarantee a quality of constant and uniform roasting. Mixtures are designed and implemented by experienced master roasters and come from the most renowned plantations, such as Brazil, Ethiopia, Uganda, Vietnam and India.
