

TAPE

Corten desk

DESCRIPTION

TAPE is the desk in corten steel signed by Umberto Colasanto for the TrackDesign brand. TAPE is a desk where the use of the corten is treated with extreme elasticity, such as a plastic material. It is characterized for being a desk in the shape of "L" in its conceptual essence simpler. The Apulian designer has synthesized the process of cutting and pressure bending of the steel into a structure that appears essential. As each of the products TAPE, the characteristics of its materials allow an indoor as well as outdoor use, able to withstand extreme weather conditions. Elegant and linear, TAPE, is perfect for every need. Exclusive and futuristic design, TAPE desk offers spaces which represent storage tank for your books or magazines.
