## The Company

Molino Bonghermino is a handcraft company specialised in the milling of different cereals. Its production philosophy focuses on traceability and sustainability of products, as demonstrated by its certifications:

- EU-Organic certification for organic flours
- ISO 22005:2007 - Traceability in feed and food chain for semolina.

The company launched the project "Filiera Punto Zero" equipped with a Blockchain platform on which the consumer can trace all the steps of the supply chain.
