

PLATINPLEX

Decoplex 9 tones

PlatinPlex Deco with the new active protection technology Poliamino Condensed Sugar Receive fast lightening of up to 9 tones, at the same time orderly extraordinarily soft, shiny and silky hair. The complex of amino acids and sugars contained in the formula protects the stem from breaking. The anti-yellow tone softens unwanted reflections for a perfect bleaching without compromise.

How to use: mix in the ratio 1: 2 (1 part of powder + 2 parts of oxidant), for example 30 g of PlatinPlex Deco with 60 g of Origyn Oxigene 20-30-40 Vol. Apply the mixture on dry hair and not washed. Hold for 20 to 30 minutes, depending on the desired lightening degree, frequently checking the level reached. Rinse thoroughly, apply Origyn Shampoo treated hair to remove the product and Origyn Bondix Spray to finish the hair structure avoiding breakage.

ATTENTION: PROFESSIONAL USE. READ THE INSTRUCTIONS CAREFULLY

Platinplex Shampoo

Platinplex shampoo for treated hair, thanks to the nourishing properties and the high biological value of the Amaranth extract, reconstructs the stressed and parched hair by treatments such as bleaching and highlights, giving strength, shine and softness. Amaranth, thanks to a high content of Lysine, provides the fundamental proteins for the health and beauty of the hair.

How to use: apply the shampoo on damp hair, massage gently and leave on for 2 minutes, then rinse.

Bondix Spray

Bondix Spray is the ideal keratin and collagen treatment to hydrate, strengthen and repair the hair, making the hair shiny, smooth, soft and silky.

How to use: vaporize Bondix Spray on damp hair and distribute it with a comb. Dry and proceed with the crease without rinsing.

Mousse Extra Blond

PlatinPlex Mousse Extra Blond Silver is designed to turn off yellow tones in bleaching or very light colors without leaving violet, blue or pinkish reflections. The Plex molecule acts as a protection allowing more accentuated lightening.

How to use: add one or two nut-quantity of mousse with the mixture for a platinum effect, or apply directly to the hair after coloring or bleaching to remove the yellow and enhance the silver tone. Do not rinse.
