

Il Ginestraio

IGT TOSCANA BIANCO

Il Ginestraio pays homage to broom, a sunny, fragrant flower that luxuriantly grows among the vineyards of Usiglian del Vescovo. The wine has an elegant character and floral aroma; its unique personality makes it ideal for surprising pairings.

VINIFICATION

The grapes are harvested by hand and carried to the cellar. After a meticulous selection, they are destemmed and crushed.

The must is clarified and then undergoes fermentation.

TASTING NOTES

Deep yellow colour with bright gold and green hues. Very fruity bouquet with notes of peach, apricot, linden and acacia blossom. A very smooth structure with medium body on the palate. The finish is fresh, clean and nicely persistent.

PAIRINGS

Delicious with pasta drizzled with extra virgin olive oil and cheese or served with a light tomato sauce and topped with San Miniato white truffle.

Also excellent with fish dishes and medium-aged cheeses.
