# *The* **Sea** **Spas**

---

Riminiterre is the only thermal structure in Emilia Romagna that exploits the extraordinary benefits of sea water for health and aesthetic treatments: directly on the sea, it is the perfect place to relax, have fun and regain health and well-being through thalassotherapy.

The large organized spaces, the qualified team of doctors and specialists, the large equipped beach and the renowned Romagna hospitality, make it a unique and complete structure, suitable for the whole family and open all year around.

CENTER

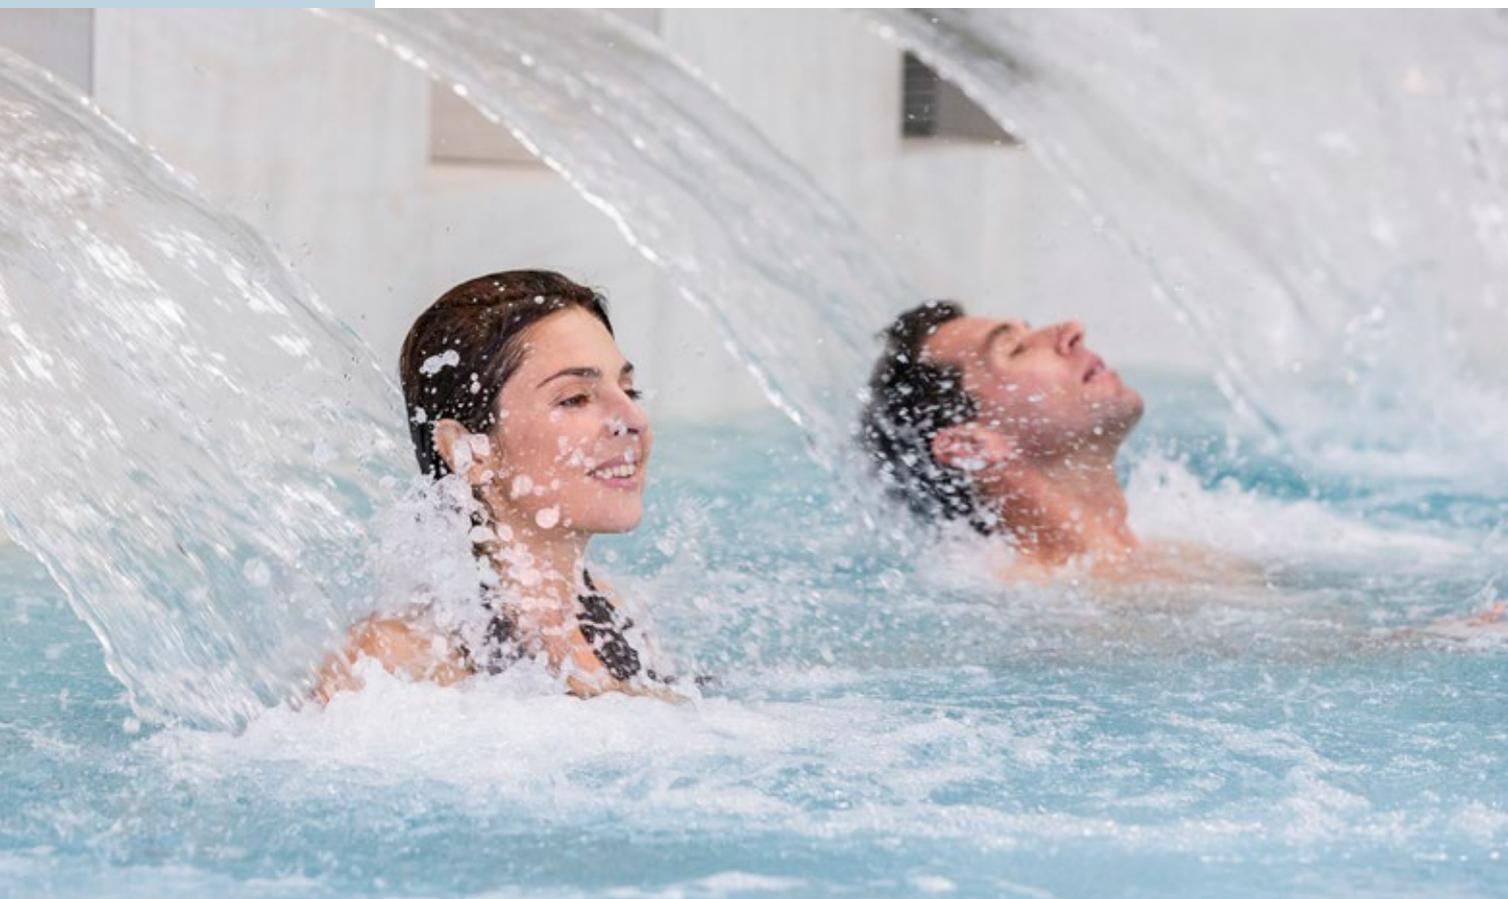

The facility also offers watertherapeutic and vascular treatments, ideal for solving problems in the circulatory system, and mud-watertherapy, for the benefit of the skeletal system.

# A sea of Health

The therapeutic thermal area uses the extraordinary properties of sea water to prevent and treat numerous disorders. At Riminiterme, various types of inhalation

treatments can be performed, also suitable for children, which are an excellent remedy for many respiratory diseases.

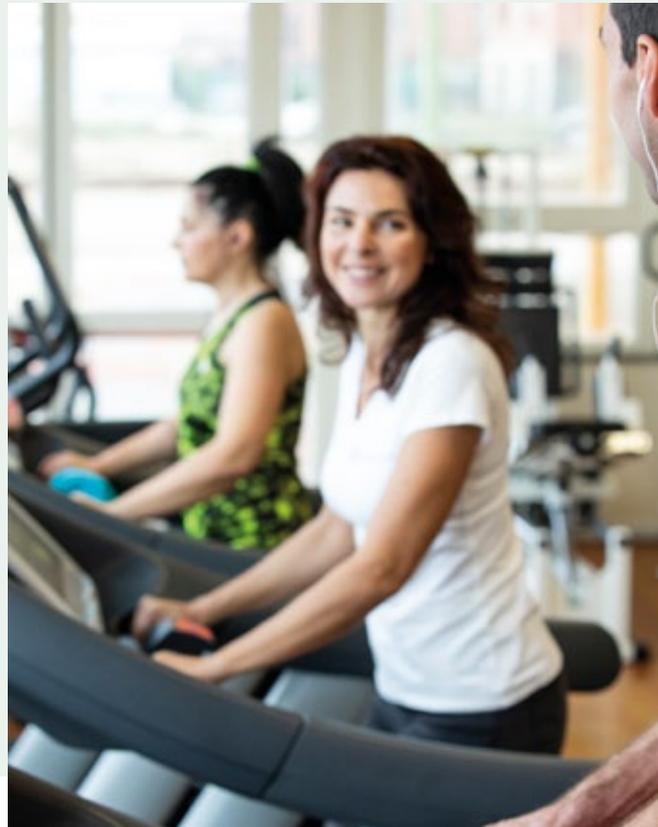

# Relax sea view

The Wellness Center offers numerous personalized beauty treatments and is the perfect environment in which to relax: bright and welcoming, with sea view, whirlpool, sauna and Turkish bath, sea water pool with internal access to the SPA and salt room, where the energy of the sea carries out its intense draining, purifying, toning and antibacterial action.
