## DAY A 1919 NP

### PRODUCT PHILOSOPHY

DAY is the Misuratore del Tempo to deal with busy&business days, a challenging and valuable daily life. DAY is an instrument and also a distinctive mark which identifies and distinguishes. For the DAY model Allemano chose Sellita, the Swiss independent company specialized in manufacturing automatic mechanical movements. The SW 200-1 is the model which brought Sellita to success in its field, guarantees DAY's exact and punctual pace, the model which recalls the standard pressure gauge.
