

Wineltaly

w i n e y
your cellar detail

It's an original **bottle holder** with a clearly recognizable shape, that of Italy.

In **each region** you can place a **bottle** of that territory, which will be suspended in space thanks to metal supports with non-slip grips that guarantee perfect stability.

It's an object that can **enrich a wall** or complete the design of an environment already intended for storing bottles.

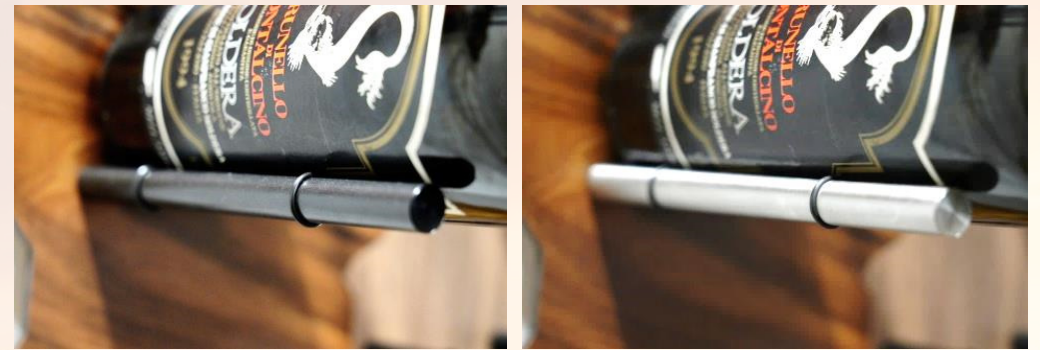

Precious cabinet-making essences (Maple, Birch, Bubinga, Ebony, Ash Tree, Iroko, Mahogany, Canaletto Walnut, Elm, Olive, Padouk, Rosewood Santos and Viola, Poplar, Oak, Zebrano) outline the borders of the regions and make **Wineltaly** a particularly sought-after and **unique piece of furniture**.
