TECHNICAL PRODUCT SHEET

PRODUCT	Extra virgin olive oil
OLIVE CULTIVAR	Frantoio, Nociera, Cellina di Nardò, Ogliarola di Lecce e Cornulara olives
GEOGRAPHICAL ORIGIN	Puglia (Italy)
HARVEST	During the first days of october by hand with rods, combs and with the help of mechanical shakers. Large nets on the ground are used to contain and collect the olives that fall. The olives collected are brought to the company mill for milling which takes place on the same day of harvest.
CERTIFICATIONS	Organic Agriculture (by ICEA)
EXTRACTION	Cold
TEMPERATURE	Controlled
COLOUR	Pale green with golden highlights, clear
SCENTS	Medium intensity fruity aromas, strong nuances of green olives, hints of meadow grass and other fruits.
FLAVORS	Notes of green artichoke, good smoothness and harmonious always well-orchestrated bitter and pungent notes, introduced by an initial sweet flavour. The background fragrance on the finish shows hints of almond, young grass and a slight pungent note.
PAIRINGS	It can be used as a dressing or for cooking. Being a medium fruity olive oil, it lends itself to a variety of uses, without ever smothering the flavour of other foodstuffs. Ideal with bruschetta, pulse dishes, vegetable creams, rice salads, grilled fish, barbecued meat, fried fish and vegetables

MICROBIOLOGICAL ASPECTS

The oil, being free of water, nitrogen substances and other growth factors, does not represent a substrate for the development of pathogenic or toxinogenic microorganisms for humans.
