

Cavallo Jewels

Cavallo jewels are handmade, exclusively in yellow gold metal, the precious stones both gems and hard stones are of high value.

In the Cavallo jewelry of these photos you can find several examples of the geometric trait and the original style taken from the drawings, by the artist.

Being examples and prototypes of first realization, our jewels can be elaborated and modified on request, always maintaining the Cavallo style.

According to the desires and tastes we can therefore insert precious stones in the jewel, such as diamonds, emeralds, rubies, sapphires and topazes, by changing the shape and design.

The models in this brochure are basic models that can be modified therefore during the booking phase, before the realization there is the possibility to ask for the personalized design.

We will be happy to satisfy any taste and desire.

Our trusted master goldsmith Marcello Pisu is located in via Enrico Lai n.41 Cagliari Italy.

Our Made in Italy product of value is insured for value and guarantee.
