

ELEMENTA

THE BEAUTY FACTORS

BIOEARTH
Pura natura

Elementa

/Elementa/ neuter plural noun
from Latin "elementum"

1. elements, constituent substances
2. alphabet characters, letters of the alphabet, alphabet
3. rudiments, basics, first elements of science and the arts
4. origins, principles

AN INNOVATIVE APPROACH TO THE BEAUTY ROUTINE

From BIOEARTH research a new line for an **INNOVATIVE APPROACH TO SKIN CARE** in a **GREEN version**: with ELEMENTA you don't choose a product but the **active ingredient with which to enhance and build your beauty routine, now also for body care.**

Not just products, but individual **active** ingredients or a synergistic blend concentrated in natural bases, enriched with **BIO** ingredients, with which you can compose countless different beauty routines according to the needs of your skin at the time.

100 % vegan, dermatologically tested, nickel tested (<1 ppm) in eco-friendly packaging, ELEMENTA_ are the new eco&skin friendly components for your beauty.

ELEMENTA

ACTIVE BEAUTY COMPONENTS

100% vegan

Eco & skin friendly

With synergistic BASES enhanced by ORGANIC ingredients

Eco-bio certificates (except Vitamin C 2%)

Dermatologically tested

Nickel-tested < 1 ppm

No synthetic fragrances or dyes added (except body base cream)

Packaging with reduced environmental impact (FSC certified paper, recycled and recyclable bottles and jars)

CONCENTRATED SOLUTIONS OF ACTIVE INGREDIENTS OR BLENDS OF NATURAL ACTIVE BIO INGREDIENTS THAT CAN BE USED:

ALONE, PURE

LIKE A BOOSTER or added to the single application dose of a base cream (mixed in a palm of a clean hand before use)

BASE
CREAM

BIOEARTH
Pura natura

CONCENTRATED SOLUTION OF ACTIVE INGREDIENTS

Concentrated solutions of active ingredients or mixtures of active ingredients known for their cosmetic properties in bases enriched with BIO ingredients, universal media for each active ingredient: BIO Aloe Vera and Hyaluronic Acid from natural fermentation for all water-soluble actives (2% VITAMIN E and SWEET ALMOND + 12% ROSEHIP)

Thanks to the bottle with practical glass pipette, they can be dosed appropriately at each use and recycled at the end of their life.

Formulated to be used:

Alone, pure

Like a booster added to the single application dose of a base cream (mixed in a palm of a clean hand before use)

BASE CREAM

100% vegan formulas formulated with BIO ingredients. Conceived with the environment in mind, thanks to the recyclable jar (recycled for the face creams) and the certified paper box, they are designed to be enriched with active ingredients, but also to be used as they are. For the face, there are two variants, one with a lighter and the other with a richer texture, to be chosen according to your skin and its specific needs: with no added fragrances, they can be mixed with essential oils or 2-3 drops of the chosen active ingredient: simply take the amount needed for a single application and mix it with active ingredients (or essential oils) in the palm of your clean hand. Each time you use it, you will have a different facial treatment targeted to the skin needs of the moment.

Two face base creams
One body base cream

5 KEY VALUES OF ELEMENTA_

PERSONALIZED – ON ADVICE

CONSUMER and **PROFESSIONAL** at the heart of the Beauty Routine: **PROTAGONIST ACTORS** not only in the choice and application of the product, but also of the **SINGLE ACTIVE INGREDIENT** at the heart of the chosen treatment.

RESPECT FOR THE PLANET

100% VEGAN

With ingredients from the organic farm

ECO & SKIN FRIENDLY (AIAB certificates*)

FACE CARE

SILICIUM + MICROALGA 2%

ELEMENTA

SILICIUM
+
MICROALGA
2%

MINERAL

BIOEARTH

Silicon in fermented extract for greater bioavailability and Nannochloopsis oculata algae extract in a concentrated solution with BIO Aloe vera juice, hyaluronic acid and essential trace elements.

These active ingredients are used in cosmetics for their well-known properties:

- eudermic
- antioxidant
- support for the physiological skin metabolism, including collagen synthesis

How to use it:

All over the face

Valuable ally in the case of dull skin, lacking in tone, in need of support and regeneration.

When: ☀️ 🌙

Format 15 ml

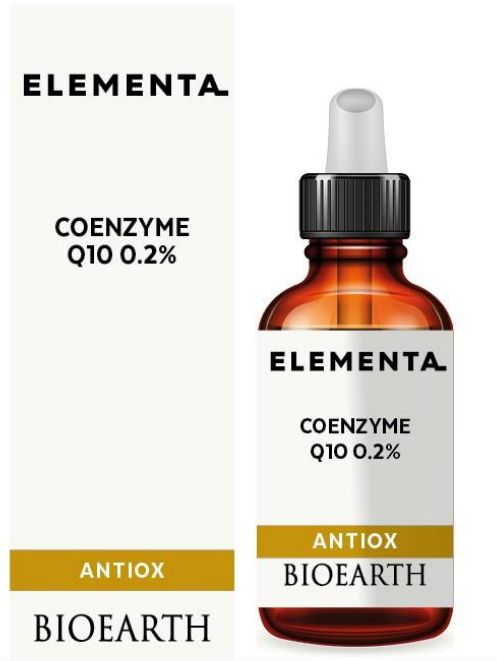

Cod. BEL17

FACE

BIOEARTH
Pura natura

COENZYME Q10 0.2%

Oily solution with BIO Jojoba oil concentrated with Coenzyme Q10, a well-known active ingredient for cosmetic use with the following properties:

- antioxidant
- counteracting skin ageing and the formation of signs of ageing.

How to use it:

All over the face

Also ideal in the evening after sun exposure

When: ☀️ 🌙

Format 15 ml

Cod. BEL16

FACE

BIOEARTH
Pura natura

HYALURONIC ACID SOLUTION 2 %

Concentrated solution in Aloe Vera BIO of 2% high and low molecular weight hyaluronic acid from natural fermentation, a well-known active ingredient for cosmetic use for the following properties:

- moisturising
- counteracting skin ageing and the formation of signs of ageing.

How to use it:

All over the face

Areas of the face with the beginnings of expression signs

When: ☀️ 🌙

Format 15 ml

Cod. BEL3

FACE

BIOEARTH
Pura natura

PEPTIDE + HIBISCUS 2 %

Made from BIO Aloe Vera and Hyaluronic Acid from natural fermentation 2% concentrated Peptide solution in a blend, also from Hibiscus seed extracts, well-known cosmetic ingredients for the following properties:

- tensor
- elasticizing, promoting skin tone and firmness
- anti-ageing

How to use it:

Areas of the face with expression signs, wrinkles, loss of tone

When: ☀️ 🌙

Format 15 ml

Cod. BEL4

FACE

BIOEARTH
Pura natura

CAFFEINE + GINSENG SOLUTION 3%

With BIO Aloe Vera and Hyaluronic Acid from natural fermentation, concentrated solution of Caffeine and 3% Ginseng extract, a synergistic blend of ingredients with well-known properties:

- draining
- stimulating, toning

How to use it:

All over the face, areas of the face that need to be drained and toned. Ideal for the eye contour, especially in the case of bags and dark circles (care should be taken when applying to avoid direct contact with the eyes).

When: ☀️ 🌙

Format 15 ml

Cod. BEL4

FACE

BIOEARTH
Pura natura

VITAMIN C 2%

Format 15 ml

Cod. BEL7

With BIO Aloe Vera and Hyaluronic Acid from natural fermentation, a concentrated solution of Vitamin C (ascorbic acid) 2%, an essential element used in cosmetics for the following properties:

- illuminating
- moisturising
- anti-ageing
- adjuvant in the treatment of skin discolourations

How to use it:

All over the face and eye area, taking care that there is no direct contact with the eyes

When: ☀️ 🌙

Due to the delicacy of this active ingredient, it is not recommended to:

- use together with other acids and BUFFERED GLYCOLIC ACID 10% (only use as an alternative or alternation);
- mix it directly with ZINC + NIACINAMIDE 11%.

If you are looking for a synergistic effect of these active ingredients, we recommend using them alternately or in alternating layers (e.g. one in purity and the other as a booster cream base)

FACE

BIOEARTH
Pura natura

BUFFERED GLYCOLIC ACID 10%

Format 15 ml

Cod. BEL8

Made from BIO Aloe Vera and hyaluronic acid from natural fermentation, a concentrated solution of 10% buffered glycolic acid PH 4, a well-known active ingredient for cosmetic use for the following properties:

- exfoliating
- smoothing the skin texture

How to use it:

On the whole face

On the single pimple or occluded pore that you wish to promote the release of.

When: ☀️ 🌙

Only when protected with high sun protection and in the absence of prolonged direct sun exposure.

Not recommended:

- to use it in conjunction with VITAMIN C
- to mix it directly with ZINC + NIACINAMIDE 11%.

If you are looking for a synergistic effect of these two active ingredients, we recommend using them alternately or in alternate layers (e.g. one pure and the other as a booster cream base).

FACE

BIOEARTH
Pura natura

ZINC + NIACINAMIDE 11%

Format 15 ml
Cod. BEL9

With BIO Aloe Vera and Hyaluronic Acid from natural fermentation concentrated solution of Zinc and Niacinamide 11%, known synergistic cosmetic active ingredients for the following properties:

- sebum-normalizing
- purifying and balancing

How to use it:

All over the face

Only in the T-zone or on the area of the skin to be treated

When: ☀️ 🌙

It is not recommended:

to use in direct contact with other acids, therefore in a mixture with VITAMIN C 2% or GLYCOLID ACID 10%.

It may possibly be used alternately with them to obtain a synergistic effect of the different active ingredients.

FACE

BIOEARTH
Pura natura

NATURAL MOISTURIZING FACTOR + SUGARS 8%

Made of BIO Aloe Vera and Hyaluronic Acid from natural fermentation concentrated solution of NMF (natural moisturising factor) and natural sugars 8%, used as functional substances in cosmetics for their properties:

- moisturising
- favouring the maintenance of a good state of the natural skin barrier

How to use:

All over the face

In all areas of the face that need extra hydration

When: ☀️ 🌙

Format 15 ml

Cod. BEL5

FACE

BIOEARTH
Pura natura

VITAMIN E 2%

In an oil base enriched with Argan Oil BIO concentrated solution of Vitamin E (tocopherol) 2%, an essential element also used in cosmetics for the following well-known properties:

- nourishing and elasticising
- antioxidant

How to use:

All over the face

In all areas of the face that need extra nourishment

When: ☀️ 🌙

Format 15 ml

Cod. BEL10
