

## MOISTURIZING FACE CREAM FOR DRY AND NORMAL SKIN WITH PRICKLY PEARS

BioMiura Prickly Pear Moisturizing Face Cream owes its qualities to a mix of ideal ingredients aimed at making the skin of the face relaxed and nourished. Some notable ingredients include: Prickly Pear Seed Oil with antioxidant, regenerative and moisturizing properties, Goji berry Extract with well-known antioxidant properties, Hyaluronic Acid, and Kigelia and Quillaja Extract, which have a tensor effect.

**INDICATIONS:** It has a strong moisturizing, emollient, and nourishing action. It is recommended for usage in all areas with dry and stressed skin that are damaged by exposure to atmospheric agents and subject to loss of elasticity. It should be applied whenever it feels necessary to regain balance and hydration of the face.

**RESULTS:** The skin of the face is soft, relaxed, and radiant, being nourished in depth.

**METHOD OF USE:** Apply the right amount of cream on the skin of the face after cleansing, and massage until completely absorbed. Avoid the periorcular area.

**CHEMICAL - PHYSICAL CHARACTERISTICS:** It does not contain pigments. Its characteristic colour depends on the functional vegetable ingredients. The colour, being of natural derivation, may vary from batch to batch of production. Some slight variations in colouring do not represent alterations of the product.

50 mL - 1.69 oz Pack
