

THE BOTTLE THAT
KEEPS YOU SAFE

 **DIEDRA**
ANTIMICROBIAL SUSTAINABILITY

ANTIMICROBIAL TECHNOLOGY

DIEDRA, THE BOTTLE MADE OF ANTIMICROBIAL MATERIAL.

Thanks to the material releasing millions of silver ions, Diedra prevents bacterial proliferation, ensuring a safe and odor-free experience.

The cutting-edge technology we've adopted exploits the power of silver by integrating its ions into aluminum.

By attacking the cells of the bacteria, the silver ions penetrate their membrane, halting bacteria proliferation and eliminating them. Whether it's the surface of the bottle or the liquid inside it, bacteria don't stand a chance.

Experience the cleanest sip, every time, with Diedra.

TECHNICAL FEATURES

**ANTIMICROBIAL BOTH
INSIDE AND OUT**

ODOR-RESISTANT

MOLD-RESISTANT

LIMESCALE-RESISTANT

PRESERVES FLAVORS

CLEANABLE JUST WITH WATER

SILVER IONS

**BACTERIAL
PROLIFERATION**

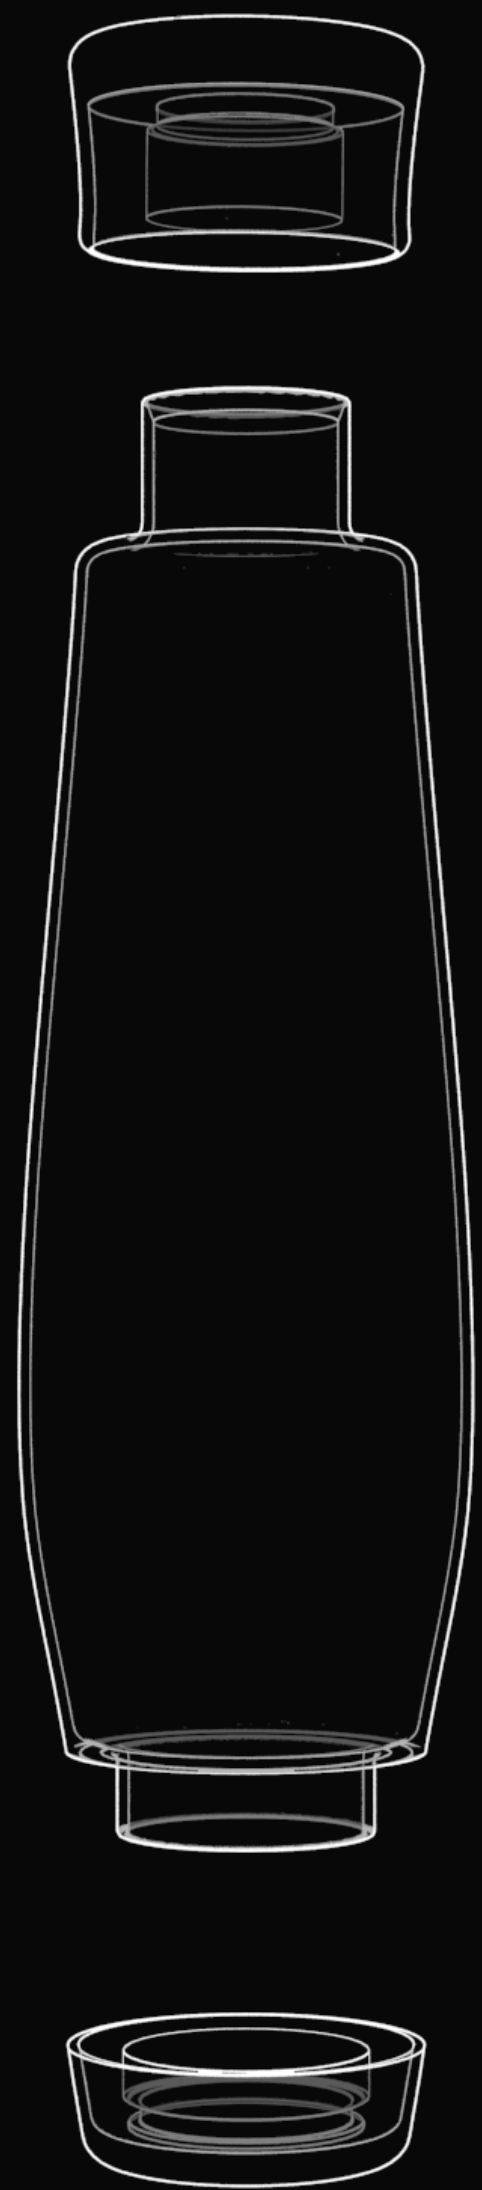

0%

**MICROBICIDAL
EFFECT 100%**

12h

 **DIEDRA**
ANTIMICROBIAL SUSTAINABLE

**OPENS ON
BOTH SIDES**

**SELF CLEANING
SYSTEM**

The antimicrobial action
does not wear out and
improves over time.

20.29 oz

MADE IN ITALY DESIGN

Entirely designed and manufactured in Italy. The design allows the opening at the bottom to facilitate the cleaning and the spill of residual organic material of beverages.

Unique shapes and textures for a sensory experience to discover.

Soft textures and sinuous geometries wrap Diedra in a minimalistic design pleasing your senses.

ANTI-CORROSION suitable even for any highly aggressive environment such as sea water.

SUSTAINABILITY IS THE CORE OF WHAT WE DO

Reusable bottles made of steel, plastic, and other materials are prone to be replaced twice a year on average.

DIEDRA IS 10 TIMES MORE SUSTAINABLE.

With no varnish, no wearable components, no proliferation of bad odors, Diedra is designed to be long-lasting, and remaining beautiful and functional as the first day.

100%

RECYCLABLE and
made from **RECYCLED**
MATERIALS.
