

SKIN CARE

Defend molecular weight hyaluronic acid serum;
Moisturize, lift, reshape and plump-up skin tissue

DESCRIPTION:

Unique pearl drops serum with three different types of Hyaluronic Acid.

The different molecular weights are able to moisturize, lift, reshape and plump-up skin tissue of the whole face and neck. The three Hyaluronic Acids are placed at different levels of the skin: the lower weight, thanks to a peculiar technique, has a deeper plumping effect, the medium high weight fills the wrinkles and the higher one lifts and moisturizes the outer skin.

Skin Care Hyaluronic Acid Serum gives great results in plumping contour lips and eyes.

Only the tiniest amount is necessary to keep your skin firmed, reshaped and hydrated.

Apply in the morning and in the evening with few little and gentle tapping.
