PRIMITIVO

PUGLIA I.G.P.

Trulli are the old traditional round houses made with dry stone walling only found in central southern Apulia.

Primitivo, also known overseas as "Zinfandel", is a traditional Apulian vine variety that has been used since time immemorial to produce not only red wines but also well-structured rosé wines. It is intensely ruby-red with purple hues. To the nose it reveals hints of sour cherry, raspberry and blackcurrant, followed by the floral notes of violet. With its smoothness and good structure, this wine is recommended as an accompaniment to meat and robust cheeses.

Unfiltered wine

Grapes: Primitivo
