

W SLIMEASY

THE "SLIM" NOVELTY
WITH ALKALINE WATER
AND 2 ISOTONIC DRINKS

SLIMEASY is the new distributor of the acquacom range designed for customers with a limited budget and simplified needs who do not want to give up the beverage subscription service for their center. It is made with a simple concept in the floor version and completes the range of Acquacom distributors.

"PLASTIC FREE" PHILOSOPHY

SLIMEASY machine can deliver:

- ALKALINE WATER / MAGNESIUM WATER
- 2 ISOTONIC DRINKS

SLIMEASY differs from other acquacom products for the possibility of having a coin acceptor for a simpler sale.

SLIMEASY can be connected to the gym management software or, alternatively, used with "my acquacom" software for the management of dispensing with an intelligent bottle.

SLIMEASY is the novelty that allows you to increase the earnings of your center in a simple way with a minimum investment, by selling drink subscriptions. You can use the cards of your center, bracelet or app and load the new service on them.
