

COLOUR EXPERTS, ENVIRONMENTALLY FRIENDLY

**DECIA  
CAMP LINE**

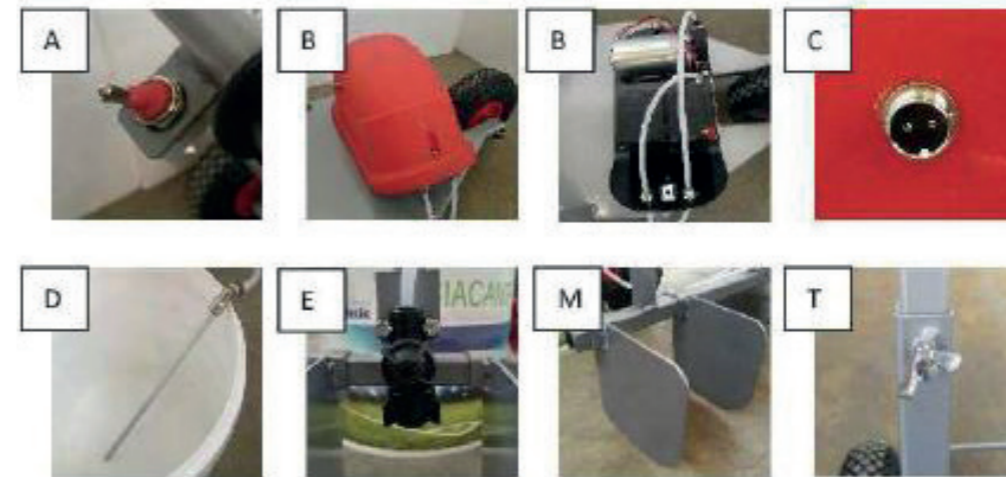

## Pitches marking line machines

**A in-depth study and our partner's recommendations have allowed us to develop one of the best marking line machines on the market.**

### MAIN FEATURES:

- Lateral tracing to keep the operator in a natural and ergonomic position during the marking phases, avoiding stepping on the newly painted line.
- Three-wheeled trolley for greater maneuverability and stability near corners, circles, arches and straight lines.
- Increased wheel size to avoid turf' damaging.
- 12V rechargeable battery; free maintenance.
- Excellent autonomy: up to 3 hours of continuous painting.
- Painting head complete with drip stop for instantaneous interruptions to facilitate the creation of dotted lines, allowing the operator continuity of movement.
- Mud flaps adjustable to allow straight lines even in windy conditions.
- Intuitive handlebar height adjustment and painting head height, no tools required.
- Very simple one-button start-stop operation.
- The possibility of replacing the nozzles quickly allows the Deciacamp Line to be used with both ready-to-use and diluted products. (from 1.5 liters to 12 liters of tracing product).

MARKED PRODUCT

A	SPRAY SWITCH	D	TANK SUCTION LANCE
B	BATTERY PUMP ASSEMBLY	M	SPLASH GUARDS
C	BATTERY CHARGER T CONNECTION SACKET	T	SCREW WITH PARROT HANDWHEEL FOR HANDLEBAR HEIGHT ADJUSTMENT

### SUPPLIED WITH:

- BATTERY CHARGER
- NOZZLE AND FILTER
- USER MANUAL
