MAT

This mat will turn your aluminum, plastic or wood sun lounger into a comfortable, unique and elegant sun bed. Available in nautical faux leather and mass dye 100% acrylic fabric. Both materials are 100% water and UV resistant. Thanks to its linear design and high density foam rubber padding, this item can be defined as unique in its kind. This product is fitted on the sun bed with small bands of fabric joined by Velcro (photo 3). MAT becomes an essential accessory for its elegant design and extreme comfort.

Product's overview

Designed to live in extreme **outdoor** situations, in addition to being totally waterproof it has a groove on the fabric that allows the water to drain out of the sun bed (2). It has bands on the back rest and seat to fix it to the bed (13). Composed of two pieces: backrest and seat, joined together by a piece of more resistant fabric, allowing it to **adapt perfectly** to the sun bed. The underside of the mat is made of a 100% acrylic fabric to protect the upper faux leather material when in use. The zipper is placed on one side, but is covered by the fabric so as to remain hidden and avoid discomfort. This product has a completely **removable cover**.

Material

Available in nautical faux leather or 100% mass dye acrylic fabric:
Nautical faux leather: anti-mold, antibacterial, UV resistant, wear resistant at both high and low anti-mold, antibacterial, UV resistant, wear resistant at both high and low temperatures, weather resistant, heavy metals and formaldehyde free , mercury free, common, solvents free, fire resistant, **100% water proof**. **Low maintenance** is its forte.
