

Class 1 Noise Pollution Sensor

Measurement accuracy class 1 according to IEC 61672-1

L_{Aeq} 1min/1s

Continuous measurement 24/7

LoRaWAN communication

Also powered by batteries

Protection from external agents with outdoor kit + IP65

Lightweight, small in size and easy to install

Rilevazione Livello Acustico

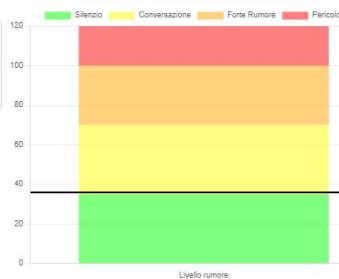

Sensore Rilevamento Livello Acustico

Tramite questo sensore è possibile rilevare i dBA prodotti nell'ambiente di installazione

Storico delle rilevazioni

Ultimo valore calcolato: 38.99 dBA

Class 1 Sound Level Sensor

- Class 1 measurement accuracy according to IEC 61672-1
- LAeq 1min/1s
- Uninterrupted 24/7 measurement
- Communication via LoraWan
- Battery powering also available
- IP65 outdoor kit
- Light weighted, small sized and easy to install
