

OiLL in One

REVITALIZING +
NOURISHING OIL

MULTIFUNCTIONAL OIL

This oil is a blend of precious plant-based oils with emollient and antioxidant properties, designed to make the skin on the face, neck, and décolleté extremely soft, radiant, and smooth.

Its formulation, made with 98% natural ingredients, offers a true anti-aging treatment: in addition to restoring softness to the skin, it helps prevent the formation of early signs of aging, making the complexion more even. Thanks to its lightweight, fast-absorbing texture, OiLL in One is also perfect for combination skin, providing nourishment and hydration without weighing it down.

KEY INGREDIENTS

Revinage ®: is a plant-based alternative to synthetic Retinol. Unlike the latter, which can bring forms of dryness, redness, and irritation, Revinage® is extremely effective in its anti-aging action even in particularly sensitive areas such as those around the eyes and lips.

Since it does not have all the contraindications of synthetic retinol, it is recommended even for the most sensitive skin.

It has a strong anti-aging action, in fact it stimulates collagen production, decreases the depth of wrinkles, and refines skin texture and tone.

Unsaponifiable Mediterranean Olive Oil: olive oil is not only a panacea for our health but can also be a panacea for our skin.

It is a mix of sterols and terpenes that is particularly kindred to the hydrolipid film.

It nourishes your skin without being greasy, increases the defense capacity of your skin barrier, and has anti-aging action as it promotes collagen formation.

Jojoba oil: known for its soothing, emollient and moisturizing properties, it has a composition very similar to that of your skin, so it does not create a hyper production of sebum, but on the contrary nourishes without greasiness.

Grapeseed oil: with well-known antioxidant properties, it helps protect your skin from premature aging, weathering and free radicals.

Oat oil: this oil finds wide application in cosmetics due to its soothing, emollient and anti-inflammatory properties; it is easily absorbed and is especially indicated for dry, flaky and sensitive skin.

Ascorbyl tetraisopalmitate: is the stable, lipophilic derivative of Vitamin C that is released into your skin after cosmetic application.

It has anti-aging action, stimulates collagen synthesis, is antioxidant and brightens the complexion.

Vitamin E: Its main action is to counteract the formation of free radicals, the main culprits of aging and cell damage.

A close-up photograph of a woman's face and hands. She is holding a small, dark amber glass bottle of OiZL in One Revitalizing + Nourishing Oil. The bottle has a gold-colored cap and a label with the product name and 'ELEMIS' at the bottom. The background is a soft, out-of-focus white.

OiZL in One

WHO IS RECOMMENDED FOR

It is an oil particularly suitable for all ages, especially for normal to dry skin.

TEXTURE

A fluid, clear oil with a fast-absorbing dry finish.

Delicate citrus and floral notes make it ideal for massaging or for face yoga exercises.

Nichel tested, Dermatologically tested

INCI

Coco-caprylate/caprate, Simmondsia chinensis seed oil, Dicaprylyl ether, Olea europaea oil unsaponifiables, Adansonia digitata oil, Vitis vinifera seed oil, Avena sativa kernel oil, Ascorbyl tetraisopalmitate, Bidens pilosa extract, Gossypium herbaceum, Elaeis guineensis oil, Linum usitatissimum seed oil, Tocopheryl acetate, Citrus aurantium dulcis peel oil, Citrus aurantium peel oil, Ascorbyl palmitate, Tocopherol, Citric acid, Parfum, Lecithin, Vanillin, Limonene, Hexamethylindanopyran, Terpeneol, Linalyl acetate, Tetramethyl acetyloctahydronaphthalenes, Geraniol, Citrus limon peel oil, Linalool, Alpha-isomethyl ionone, Hexyl cinnamal, Hydroxycitronellal, Coumarin.
