

Tenuta Ruti San Pietro

Località Ruti, Lauro di Sessa Aurunca

RED FALERNO DEL MASSICO D.O.P.

Terre dei Ruti stands out for an intense yet measured expression, capable of combining depth and finesse.

On the eye, it shows a deep and luminous ruby color. The nose is broad and layered: notes of violet and ripe cherry open into deeper nuances of cocoa and coffee, in an elegant and never excessive balance.

On the palate, it reveals a full and enveloping structure, supported by soft, well-integrated tannins. **The sip is harmonious** and persistent, with a finish that precisely recalls the aromatic profile.

The grapes are deeply rooted in the ancient Ager Falernus, a unique territory shaped by the Vulcano di Roccamonfina, nourished by tuffaceous soils and influenced by the Tyrrhenian coastal microclimate—elements that give the wine its identity and recognizability.

An expression of a family tradition spanning four generations, now led by Anna San Pietro, the first woman to head the winery, **embodying a contemporary vision rooted in continuity.**

WINE TECHNICAL SHEET
