

UNNATURAL

Sam Nagagy – Black

SAM reinterprets the iconicity of Eastern silhouettes through a contemporary and rebellious lens.

Crafted from black washed and coated canvas, 100% cotton, this garment fuses the structural rigor of military uniforms with the expressive freedom of experimental streetwear.

The decorative zig-zag stitch trim, inspired by archival tactical seams, follows the lines of the kimono, enhancing its structure with a bold yet refined contrast. This detail is more than just aesthetic—it's a code: grit and discipline fused in a single gesture.

Inside, a white technical lining—water-resistant and windproof—adds functionality to the design, offering protection from the elements without compromising the elegance of the piece. The coated treatment gives the fabric visual depth and a worn-in hand feel, making each kimono unique to the eye and touch.

SAM is not just an outerwear garment—it's a statement. For those who choose to stand out with quiet authority.
