Vangelis Shirt

Crafted from premium 100% cotton Oxford fabric, this shirt blends the timeless elegance of a classic textile with a bold, contemporary spirit. Hand-applied studs on the back and front pocket transform a formal staple into a true statement piece — designed to stand out in any setting.

Its real strength lies in the fit: tailored with precision, it offers exceptional comfort and a structure that enhances the silhouette without restricting movement. A defined collar, clean shoulder lines, and modern contours — every detail is designed to dress with both character and balance.
