FROM YOUR REQUEST TO AN INTRODUCTION

01

Purchasing brief

Send specifications, quantities, delivery location and timing. Identify required standards and any acceptable alternatives.

02

Manufacturer search

We review product ranges and technical literature, then approach potential manufacturers with an anonymised brief. We ask about fit, capacity, lead times and interest.

03

Direct introduction

When both sides wish to proceed, we agree commission terms with you before sharing names. You discuss specifications, quotations, samples and supply terms directly with the manufacturer.

Commercial terms

No upfront fee. The buyer pays the agreed commission only if a sale is concluded.
