# USAGE FIELD

Our TORNADO TORCHES are high-performance, versatile tools built to handle a wide range of professional and DIY applications with ease and precision:

**Plumbing:** Ideal for soldering copper pipes, thawing frozen lines, and heating plastic tubing. Its focused flame allows for efficient welding and brazing of small metal components, perfect for light-duty repairs.

**DIY & Home Maintenance:** Strip paint, soften adhesives, shrink plastic wraps, and more. It's also excellent for electrical tasks like heat-shrinking insulation and soldering wires.

**Roofing:** Perfect for sealing bitumen membranes and performing heat-based roofing tasks with precision and safety.

**Automotive:** Loosen rusted bolts, heat stubborn metal parts, and carry out localized bodywork repairs quickly and effectively.

**Outdoor & Camping:** Start campfires, melt ice, sterilize tools — a reliable companion for any adventure.

**Culinary Use:** Add gourmet flair to your cooking! Caramelize sugar, roast vegetables, brown meringues, or melt cheese with restaurant-quality control.

# TORNADO LINE

## KE2018 / KE2019 TORNADO

Our best seller blow torch Tornado  
(Traditional/piezo ignition):  
Equipped with Patented safety system against  
cartridge unlocking. Supplied in single package –

Kit ready to use with TORNADO blow torch model  
piezo and 1 gas cartridge 190gr model 1120S1  
with stop gas system

# TORNADO LINE

KE2018KIT

This reliable and versatile blow torch is designed for both professional and DIY use. Compatible with pierceable gas cartridges, the kit includes three interchangeable burners: a fine flame ( $\varnothing$  17 mm) for soldering and heating work, a flat flame for stripping paint and treating wood, and a fork burner that surrounds pipes to heat them quickly and evenly.

# TORNADO BLACK

KE2019A

a reliable, high-performance tool designed for precision and safety. It features piezo ignition for easy start-up, an adjustable flame, and an anti-flare system for stable operation in any position.

Built with a stainless steel nozzle and an ergonomic handle, it offers durability and comfort. A retractable hanging hook adds convenience, while a patented safety system prevents accidental cartridge unlocking. Ideal for both professional and home use.

KE2019AC

Blow torch kit ready-to-use including 1 cartridge.
