Sacmi, technological evolution since 1919. Sacmi Group heads over 80 companies in 30 countries that have achieved success in several businesses areas: from machines and complete plants for the ceramic, beverage, packaging and food processing industries to process control solutions and quality control systems. Sacmi has, over the years, invested heavily in technological research and innovation. That constant commitment is backed up by a capacity to work alongside the customer on international markets, acting not just as a supplier of machines and services but also an all-round plant engineering partner who provides true product and process innovation that is always one step ahead of the competition. Thanks to the capacity to provide 'turnkey' plant engineering solutions designed together with the customer - who can count on close support throughout the working life of the machine or production line - and far-reaching after sales assistance that covers all five continents, 87% of Sacmi's sales are exports yet its technological and production core remains firmly in Italy, largely in Emilia-Romagna where the long-standing Imola headquarters is located. www.sacmi.com Contact details Via Selice Prov.le 17/a 40026 Imola BO, Italy E sacmi@sacmi.it T +39 0542 607 111

UCIMA - Italian Packaging Machinery Manufacturers Association

Email: d.marconicchio@ucima.it

Sito web: <https://wemakepackaging.it/en/home/>

Indirizzo: Via Fossa Buracchione 84, Modena, Modena, Italia

Scansiona per visitare la pagina dell'espositore

UCIMA (Italian Packaging Machinery Manufacturers' Association) is the national trade association that represents and supports the Italian packing and packaging machinery manufacturers. It has more than 170 member companies from all over the country, including the industry leaders. UCIMA member companies cover the entire range of packaging machinery production, from the food, confectionery and tobacco industries through to pharmaceuticals, chemicals, petrochemicals, cosmetics and end-of-line technologies. Italy is one of the world leaders in packaging machinery, with a world market share of 24,9%. In 2022 the sector's turnover totalled record figures of 8,500 billion euro. Exports account for around 77% of total turnover, with a value of almost 6,600 billion euro. The largest market area is the European Union. In second place is Asia, next come non-EU Europe, North America and Central and South America. As regards the most important countries of export, United States, France and Germany are the top export markets.
