## BENVENUTI!

### THE ITALIAN TRADE AGENCY (ICE) AT PROWEIN 2024

The Italian Trade Agency (ICE) will again revive this year its long-standing tradition of participation in ProWein in Düsseldorf.

At our **stand in Hall 15 / F07** we invite you to discover the diversity of the Italian wine world.

You will have the opportunity to meet 10 wine consortia from Italy as well as expert sommeliers. You can taste different types of wines from exciting wine-growing areas; our offer includes sparkling, white and red wines from Northern, Central and Southern Italy.

The Italian Trade Agency will be presenting **100 selected Italian wines** during free tastings in cooperation with Meininger Publishing House. Peter Douglas will guide you through three masterclasses with the highlights of this selection. Further ten masterclasses complete our rich program of activities.

Alla salute!

Best regards

### ABOUT ICE

The ICE-Italian Trade Agency is the Italian government organization working to develop, facilitate and promote economic and commercial relationships abroad and market Italian goods and services internationally. It further promotes the "Made in Italy" image around the world and in Italy as a destination for foreign investment.

The ICE-Italian Trade Agency operates under the authority and supervision of the Ministry of Foreign Affairs and International Cooperation (MAECI). Through its international presence, alongside the Italian diplomatic network, the ICE-Italian Trade Agency works together with business organizations and other public and private entities to offer coordinated support for businesses and Italian organizations involved in the globalization process.

From its Rome headquarters, with offices in Milan and around the world, the ICE-Italian Trade Agency provides information, assistance and promotional services to businesses and institutions, encouraging cooperation within the industrial, agricultural and agrifood sectors, distribution and tertiary businesses, to expand the presence of Italian companies on international markets. In order to support the Italian agricultural and food sector the ICE-Italian Trade Agency offers a wide range of initiatives worldwide, such as participation in trade fairs, presentations and bilateral workshops.

In Germany the ICE-Berlin office organizes many promotional events with Italian regions, provinces, manufacturers associations, chambers of commerce, private companies and collective pavilions at international trade fairs such as Fruit Logistica, Biofach, ProWein, BarConvent and Anuga.

**SUNDAY, 10 MARCH**

**10:30** **Custoza: contemporary blend** presented by Costantino Gabardi  
*A masterclass to the discovery of Custoza DOC, the white wine of Verona. The fruit of a skilful blend of three indigenous grapes – Garganega, Trebbianello and Bianca Fernanda - it is a fresh and contemporary wine, yet at the same time capable of enriching itself over time.*

**12:00** **Venezia and its indigenous wines** presented by Sebastian Bordthäuser  
*Venetia offers a rich treasure trove of autochthonous grape varieties. Taste the DOCs Venezia and Piave and the DOCGs Lison and Malanotte del Piave with us. Sommelier and author Sebastian Bordthäuser will guide you through the tasting.*

**13:30** **Best of Meininger Top 100 Italy (with food pairing)** presented by Peter Douglas  
*Discover a selection of the best wines from the Meininger Top 100 tasting. Italian sparkling wines can compete with the best in the world. They have rediscovered their old love for Orange Wine, as their red wines become ever more elegant. A 3-course menu complements the diversity.*

**15:00** **Morellino: the Sangiovese from the Tuscan coast** presented by Sebastian Bordthäuser  
*Morellino is the name given to the Sangiovese from the southern coast of Tuscany. Here it develops its distinctive aromatic character under maritime influence and has enjoyed protection of origin since 2007.*

**16:30** **Asolo Prosecco is a different story** presented by Simon Staffler  
*A journey through the history, culture and area of the Asolo Prosecco. We will discover how culture can influence taste. And a sensorial journey through the wineglass: how climate, soil and biodiversity contribute to the uniqueness of Asolo Prosecco.*

**MONDAY, 11 MARCH**

**10:30** **Prosecco – a sparkling state of mind** presented by Sebastian Bordthäuser  
*Hardly anything else epitomises the lightness of being more vivaciously than a glass of Prosecco. Its wide range of flavours make it the perfect all-rounder for almost any occasion.*

**12:00** **The great Campania white wines from indigenous grape varieties** presented by Sebastian Bordthäuser  
*Campania is one of the oldest wine-growing regions in Italy. Protected by the mountain ranges and the Mediterranean influence of the sea, the characteristic volcanic soils give the wines their distinctive character.*

**13:30** **Meininger TOP100 Italy: exciting new finds for gastronomy and specialty retailers (with food pairing)** presented by Peter Douglas  
*In collaboration with Meininger Publishing House, the Top 100 wines have been selected. We present the best wines for gastronomy and specialty retail. Proven styles and underdogs come together highlighting their potential in food pairing.*

**15:00** **Vesuvio: wines from volcanic soil** by Sebastian Bordthäuser  
*Mount Vesuvius is one of the largest active volcanoes in the world. The wines from the volcanic soils of the mountain are still among the untapped treasures of the Italian wine world.*

**16:30** **Pinot Grigio DOC delle Venezie: territory, grape variety, stylistic nuances** presented by Sebastian Bordthäuser  
*Hardly any other wine is as much on everyone's lips worldwide as Pinot Grigio. A survey of current trends for wines with a clear origin and precisely defined profile.*

TUESDAY, 12 MARCH

**10:30 Friuli Venezia Giulia wines: how to be unique** by Matteo Bellotto  
*Explore Friuli Venezia Giulia Region through wines and stories with Matteo Bellotto, the region's top wine communicator. Learn from his tales, take note of insights he'll offer you, and discover exclusive hidden gems only a local connoisseur can reveal.*

**12:00 The different nuances of Franciacorta** by Sebastian Bordthäuser  
*Franciacorta is not only one of the oldest Italian sparkling wines with protected origin, but also one of the three great sparkling wines in the world whose production requires classic bottle fermentation.*

**13:30 Meininger TOP100 Italy: unknown terroirs in Italy (with food pairing)** by Peter Douglas  
*Albana? Raboso? Verdicchio? We explore the lesser-known grape varieties and styles of the Meininger Top 100 tasting. From fresh to dried grapes, from dry to sweet – Italy offers a diverse selection that we will discover with a 3-course menu.*
