

G20 Innovation League

IoT & Wearables through a human lens

Tim Good

Managing Director

Lead - Talent & Organization / Human Potential, Europe

 **accenture**

Being digital used to be an aspiration.

Now it's an imperative for survival.

Our research found that by meeting six fundamental human needs through work, organizations can unlock people's full potential

We call this new model Net Better Off

Expediting assembly and reducing worker stress

with AR connected worker and Skylight

Digital Watchman

A new era of workforce safety, control and performance in oil and gas

Thrive Wellness

Prioritising mental wellness and advocating practising self care

Are you putting people
at the centre of change?

Thank you
