Project Start Date: at the signing of the contract

Project End Date: February 1st, 2023

It is understood that dates and further details will be discussed with the bid awarding company directly. There will be no tacit renewal of this contract.

4. BUDGET

ITA is a tax-exempt organization. Due to governing Italian laws, ITA must follow strict procedural requirements in terms of assembling this OCB and awarding contract. There is a maximum budget of **\$ 100,000.00 USD** (equal to **Euro 96.852,00** at the official exchange rate published on 11/23/2022 by Banca d'Italia) for this project .

This budget is inclusive of all agency fees, web developer output, content production and other fees the bidder may incur in the fulfillment of the services as detailed under section *"2 Description of requested services – technical offer"*.

5. SELECTION CRITERIA

Each proposal will be evaluated based on the **"Most economically advantageous offer"** criterion (or "lowest evaluated bidder" or "best value") (art. 95 of Legislative Decree no. 50/2016 and subsequent amendments, art. 11 of Ministerial Decree 192/2017), in accordance with the following criteria and corresponding points scale, according to the requirements under section *"2 Description of requested services – technical offer"*.

Each bid will be evaluated at the very specific characteristics of the offer to be received and the standards offered.

The amount of US\$ 100,000.00 constitutes the basis of the auction with an obligation to offer a discount. Therefore, only offers at a discount compared to the auction base can be accepted.

Offers above the established bid amount will not be accepted.

The award will take place even in the presence of one single offer as long as it is deemed valid.

Each offer shall be given a maximum score of **100**, with the following breakdown:

- **Technical offer: max 70 points**
- **Economic offer: max 30 points**

Each proposal will be evaluated, by a Committee appointed by the Director of ITA Houston Office (as the Sole Responsible Agent of the Procedure for ITA (RUP), in accordance with the following criteria and corresponding points scale, according to the details described under “2 Description of requested services – technical offer”.

ASSESSMENT CRITERIA	Max points:
A) Economic Offer - Price of services offered	30
B) Technical Offer -	70
<i>Completeness and quality of proposal (activities under section “2 Description of requested services – technical offer”)</i>	40
<i>Dedicated and qualified team to follow the project – please specify number of people, job title/position and availability of team members</i>	10
<i>Proof of experience in event management and marketing field – please include examples of past successful entertainment/networking dinner party events (min. 2 examples of past events)</i>	20
Total maximum score	100

Anomalous low bids

There is no assurance that the lowest bid will prevail. ITA reserves the right of asking for additional information if one or more offers are substantially lower than the others.

Excessive low offers are considered “anomalous” if the scores relating to the price and to the other elements being assessed are both at least equal to or higher than four fifths (4/5) of the maximum score that can be attributed (Article 13, paragraph 1, letter (b) of the Decree No. 192, November 2nd 2017).

Score evaluation process

Technical Offer

The technical offer score will be assigned multiplying the average evaluation class expressed from 0 to 1 (see conversion chart below) with the maximum points in the criteria chart above (70 points)

EVALUATION CONVERSION CHART	
ASSESSMENT	SCORE
Excellent	1
Very Good	0.9
Good	0.8
Sufficient	0.7
Not sufficient	0.6
Not adequate	0

After assigning a qualitative assessment to the Technical Offer, the Committee will proceed to elaborate each offer score according to the ANAC guidelines 2/2016 in paragraph VI, n.1

The score calculation will be determined using the following formula:

$$Pa = \sum n [Wi * Vai]$$

Legend:

Pa = score of the single a offer

n = total number of the criteria listed in the criteria chart

Wi = percentage weight of the single criterion (i)

Vai = Average assessment of the offer a compared with the criterion i according to the charts above

Any company which does not achieve a minimum 50/70 points in the Technical Offer score will be excluded.

Economic Offer

Regarding the Economic offer, by using the Linear Interpolation formula, a variable coefficient from zero to one is assigned.

The maximum score will be awarded to the lowest bid.

The other bids will be given a lower score determined as follows:

The price scoring shall be calculated according to the following formula:

$$Ci = Ra / Rmax \quad \text{where:}$$

Ci = coefficient attributed to the i-th competitor;

Ra = percentage reduction in the offer of the i-th competitor;

Rmax = percentage reduction of the lowest bid
