Embassy of Italy
Tbilisi

Dear participants and dear visitors,
it is with great pleasure that I, as Italian Ambassador to Georgia, salute the organization of the Workshop “Georgia and Italy together for better food production”.

This event is being realized in a framework of excellent bilateral relations between Italy and Georgia, strategic partners for the significant political and economic ties, but most of all founded on the deepest friendship.

As it is worldwide well known, Italy produces a vast number of excellences and its machinery and technologies for the agriculture and the F&B industry are highly considered, diffused, and appreciated globally.

The Embassy of Italy and myself are proud to present and support the Workshop and the whole promotion project to foster increasingly the vicinity, friendship and collaboration between Georgia and our country.

We wish to make your life better and provide the tools to enjoy it at its most.

All the best

Massimiliano D’Antuono

Ambassador of Italy to Georgia

ITALIAN TRADE AGENCY

Dear participants and visitors,

I am welcoming you to the Workshop “Georgia and Italy together for better food production”, an initiative being realized by the Italian Trade Agency of Tbilisi, Trade Promotion Section of the Italian Embassy, in the context of the annual Made in Italy Promotion Plan in 2024.

The mission has been organized with the support of 2 Italian sector Associations, ANIMA and FederUNACOMA, in collaboration with the Georgian Employers Association.

This workshop is one of the many events that are being realized all around the world and it is aimed at building bridges between Italian producers of Machinery for agriculture and for the Food & Beverage industry and the Georgian entrepreneur community.

In this occasion, the participation of 7 companies coming from Italy to test their products on the Georgian market will provide to the Georgian entrepreneurs the opportunity to understand

the state of the art in the field of Machinery and to find opportunities to invest to improve production and innovation, getting increasingly in line with the requirements of the EU market for F&B, increasing their export potential.

We wish to make your participation and visit as fruitful as possible, so please do not hesitate to contact me and the ITA staff for every support needed.

All the best

Andrea Maccanico

Director

ITA Office in Tbilisi

Trade Promotion Section of the Italian Embassy

ANIMA

CONFINDUSTRIA/ASSOFOODTEC

Via Scarsellini n.11

20161 Milano (MI)

BARBIERI SRL

Piazzale Luigi Sturzo 15
00144 Roma (RM)

+39 0444 885722

info@barbieri-fb.com

www.barbieri-group.com

With 66 years of experience, BARBIERI offers a range of versatile machines among the most comprehensive in the industry, suitable for both small agricultural structures and the gardening sector. All models have been optimized in design and updated technically, thus meeting the needs of even the most demanding operators. The choice of innovation complements the tradition of a brand that has become synonymous with quality and a presence in the market alongside its customers. Barbieri's mission remains the same: to constantly keep pace with the times and, in some cases, even be "futuristic" in small-scale agricultural mechanization while maintaining the characteristics that users have always recognized over the years, such as reliability, innovation, and productivity. Since 1958, a continuously evolving reality.
