ITALIAN TRADE AGENCY

The ITA-Italian Trade Agency is the Italian government organization working to develop, facilitate and promote economic and commercial relationships abroad and marketing Italian goods and services internationally. It further promotes the "Made in Italy" image around the world and Italy itself as a destination for foreign investment.

The ITA-Italian Trade Agency operates under the authority and supervision of the Ministry of Foreign Affairs and International Cooperation (MAECI). Through its international presence, alongside the Italian diplomatic network, the ITA-Italian Trade Agency works together with business organizations and other public and private entities to offer coordinated support for businesses and Italian organizations involved in the globalization process.

From its Rome headquarters, with offices in Milan and around the world, the ITA-Italian Trade Agency provides information, assistance and promotion services to businesses and institutions, encouraging cooperation within the industrial, agricultural and agrifood sectors, distribution and tertiary businesses, to expand the presence of Italian companies on international markets. In order to support the Italian agricultural and food sector the ITA-Italian Trade Agency offers a wide range of initiatives worldwide, such as participation in trade fairs, presentations and bilateral workshops.

In Germany the ITA-Berlin office organizes many promotional events with Italian regions, provinces, manufacturers associations, chambers of commerce, private companies and collective pavilions in international trade fairs such as Fruit Logistica, Biofach, ProWein, Anuga, ISM and FI Europe.

Products

Citrus essential oils: Bergamot, Lemon and Sweet Orange (cold pressed, FCF/bergaptene-free and organic); Lemon and Orange 5x/10x folded and terpeneless; Bitter Orange oil; Mandarin (green, yellow, red); Tangerine; Clementine; distilled citrus oils. Citrus compounds. Citrus juices: Bergamot, Lemon, Orange, Mandarin and Clementine concentrate (cloudy and clear), NFC frozen juices. Candied/processed citrus peels: Lemon and Orange (cubes, strips, rounds).

Company Profile

Amedeo Giovanni is a family company based in Reggio Calabria, Italy, extracting citrus essential oils since 1890 and now run by the fourth generations. All the fruit we process comes from Calabria and Sicily, with a short time between harvest and processing. We produce cold pressed essential oils of Bergamot, Lemon, Sweet Orange, Mandarin and Bitter Orange, in standard, FCF and organic grades, plus folded and distilled oils, citrus compounds, concentrated and NFC juices and citrus peels. Three in-house laboratories check every product with GC-MS and HPLC. We are certified ISO 9001, FSSC 22000, HACCP, organic, Kosher and Halal, and we are members of IFEAT and SGF.

Contact Person: Kim Alvino

Products

Reduct Salt Fine 0.8mm - Reduct Salt Fine 1mm - Reduct Salt Coarse 1/2.8mm - Reduct Salt Extra Fine

Company Profile

MVG SRL is an Italian company specializing in innovative solutions for the food industry, with a strong focus on sodium reduction, food reformulation and nutritional improvement.
Our flagship product, Reduct Salt, is an innovative, magnesium-based salt substitute designed to help food manufacturers reduce sodium content without compromising taste, product quality or production efficiency. Reducing sodium. Preserving everything that matters. As global health organizations and regulatory authorities increasingly encourage sodium reduction, food manufacturers face a significant challenge: developing healthier products while maintaining the taste, texture and functionality consumers expect. Traditional salt substitutes often require recipe adjustments, affect flavor profiles or introduce technological challenges during manufacturing. Reduct Salt offers a simpler solution.
Developed specifically for industrial food applications, Reduct Salt enables a 1:1 replacement of conventional salt, reducing sodium from added salt by approximately 35% while maintaining familiar sensory characteristics and existing production processes. Unlike many conventional low-sodium alternatives, Reduct Salt is based on a sodium-magnesium blend rather than potassium chloride, offering a distinctive approach to food reformulation.

Stand number	Company name	Address

Products

Ground black pepper, ground nutmeg, ground cinnamon and cassia, ground ginger, ground turmeric, juniper berries, coriander seeds

Company Profile

Webb James is an Italian processor and producer of spices, herbs, and vegetables, based in Livorno, with full in-house control of the supply chain – from direct sourcing at origin to cleaning, milling, steam sterilization, and bulk packing.
Here are some of our key strengths:

- Food Safety & Integrity: Guaranteed by selected suppliers, continuous quality control, and a robust food safety policy.
- Short Supply Chain: Only two steps from field to factory.
- Sustainability: Sedex 4-pillar certified.
- Steam Sterilization: Two microbiologically accredited lines.
- Certified Quality: BRC and IFS certifications.
- Reliable Service: Internal logistics, quality accounting, and dedicated sales support.
- Flexible Stock & Custom Solutions: Broad availability and tailor-made proposals.
