BENVENUTI!

THE ITALIAN TRADE AGENCY (ICE) AT HEIMTEXTIL 2025

Dear visitors,

I would like to welcome you to Frankfurt am Main to Heimtextil 2025, the most important international trade fair for home textiles and contracting sector worldwide.

This year, the Italian Trade Agency will participate with a national Pavilion of 29 Italian companies, which will exhibit in Halls 4.2, 3.0, 11.0 and 12.0. With their innovations in the fields of interior design, architecture, and hospitality industry, they will provide visitors with information about their products, emphasizing the creative flair of the Land of fashion and design. Our exhibitors come from the sectors of textile design, decorative and furnishing fabrics, fine living, bathroom fashion and smart bedding.

The textile sector in Italy experienced a strong year in 2023: according to estimates, it ended the year with a turnover of around 26.12 billion euros, a growth of 2.8% compared to the previous year. Exports rose to almost 15.4 billion euros, an increase of 9.2%. Significant growth was recorded in the processing of wool, leading the textile sector produced in Italy, followed by knitwear and cotton fabrics. The sector's trade surplus grew by approximately 898 million euros compared to the previous year.

Heimtextil 2024 has seen a significant growth, with 46,000 visitors from around 130 nations and 2,838 exhibitors from 60 nations, marking a 25% increase in exhibitor numbers compared to the previous year. The 2025 edition has set new standards for the industry, focusing on key topics such as sustainable production and artificial intelligence.

I would like to invite you to visit the Italian exhibiting companies as a starting point to know more about Italy's textile industry.

In renewing my wishes for a successful participation at Heimtextil 2025 and fruitful new business prospects, our Berlin Office remains at your disposal for any information and assistance you may require.

Yours sincerely,
