Tel Aviv Office

PUBLIC NOTICE FOR THE FORMATION OF THE REGISTER OF SUPPLIERS OF GOODS, SERVICES AND WORKS OF THE ITALIAN TRADE AGENCY – TEL AVIV OFFICE

This Contracting Authority of Tel Aviv intends to establish a Register of suppliers to select the economic operators to be invited to the procedures for the acquisition of works, services and supplies which, from 1 January 2024, must necessarily take place electronically using *Digital Procurement Platforms*, as required by Italian national legislation.

The Register of suppliers is the tool through which the territorial offices of the ICE-Agency intend to proceed with the identification of companies qualified to provide the works, supplies and services needed to carry out their promotional and institutional activities.

Registration in the register is free and can take place throughout the year by connecting to the dedicated page which can be accessed from the following path:

<https://ice.traspare.com> - Select “ALBO FORNITORI”

The procedure to follow for registration is simple, to be carried out online and requires only a few activities on the part of the supplier interested in offering their collaboration to the ICE-Agency.

We recommend that you read the "Registration Regulations" and fill out the form **Register on the Portal** available on the same page.

The operators' data will be collected and processed exclusively for the purposes permitted by law in compliance with current legislation on privacy (EU Reg. n. 679/2016). For information on this, you can visit the dedicated page by typing the web address <https://www.ice.it/it/privacy-fornitori>

For any assistance, please contact the ICE Office in Tel Aviv, using the following e-mail address: telaviv@ice.it
