

PUBLIC NOTICE FOR THE ESTABLISHMENT OF THE VENDOR REGISTRY OF GOODS, SERVICES, AND WORKS OF THE ITALIANA TRADE AGENCY.

This Contracting Authority “Italian Trade Agency” established the Vendor Registry in order to select economic operators to invite to the procurement procedures for works, services, and supplies that, starting from January 1st, 2024, must be carried out exclusively in digital mode through the use of Digital Procurement Platforms, in accordance with Italian National Legislation.

The Vendor Registry is the tool through which the regional offices of Italian Trade Agency intend to identify the qualified companies to provide the works, supplies, and services necessary for carrying out their promotional and institutional activities.

Registration is free and can occur throughout the entire year by connecting to a dedicated page accessible through the following pathway: <http://ice.traspare.com/suppliers>.

The procedure to follow for registration is simple, to be done online, and involves only a few steps on behalf of the supplier interested in offering their collaboration to Italian Trade Agency.

It is suggested to review the “Registration Regulation” available on the page <https://www.ice.it/en/markets/qatar/doha/how-bid-ice-dohas-tenders>

The data of the operators will be collected and processed exclusively for purposes permitted by law in accordance with the current legislation on privacy (Reg. EU No. 679/2016). For more information, you can visit the dedicated page by typing the web address <https://www.ice.it/it/privacy-fornitori>
