

**PUBLIC NOTICE FOR THE REGISTRATION OF SUPPLIERS OF GOODS, SERVICES
AND WORKS OF THE ITALIAN TRADE AGENCY**

This Contracting Authority of Riyadh intends to establish a Register of Suppliers in order to select the economic operators to be invited to the procedures for the acquisition of works, services and supplies which, from 1 January 2024, must necessarily be carried out electronically through the use of Digital Procurement Platforms, in accordance with the provisions of Italian national legislation.

The registration of suppliers is the tool through which the territorial offices of the Italian Trade Agency intend to proceed with the identification of the companies qualified to provide the works, supplies and services it needs to carry out its promotional and institutional activities.

Registration is free of charge and can take place throughout the year by connecting to the dedicated page which can be accessed from the following path:

<https://ice.traspare.com> - section "**REGISTER SUPPLIERS**"

The procedure to be followed for the registration is simple, to be carried out online and involves only a few activities on the part of the supplier interested in offering his collaboration to the Italian Trade Agency.

It is suggested to read the "Registration Regulations" and fill out the form https://ice.traspare.com/employees/sign_up made available on the same page.

The data of the operator will be collected and processed exclusively for the purposes permitted by law in accordance with current privacy legislation (EU Reg. no. 679/2016). For more information on this, you can visit the dedicated page by typing the web address <https://www.ice.it/it/privacy-fornitori>
